STRENUOUS DAY FOR PRESIDENT

Starts at Early Hour to Receive Honors at Hands of Chicagoans

THE PROGRAM ELABORATE

Visits the Universities and Will Speak at Banquet This Evening.

Chicago, April 2.—President Roosevelt's sixty-six day tour of the west began in earnest here today, when he stepped from the Pennsylvania special at 8:45 o'clock and was received by Mayor Harrison and a special reception committee, not to mention a huge crowd which made its unofficial presence known by cheers which could be heard across the river.

The program prepared for the president's fifteen-hour stay in this city was repeated to him by Charles S. Deneen, chairman of the reception committee, and served to remind the president of the strenuous nature of the life he will be called upon to lead during the next two months. The program, to which the president gave his hearty approval, provided for an immediate run to Evanston, seventeen miles to the northward, and a brief address there to the students of the Northwestern university; luncheon at 12:30 at the Auditorium annex; a trip in the afternoon to the University of Chicago, where the president was to receive the degree of LL. D.; a banquet at 6:30 at the Auditorium, he being the guest of one hundred and ten citizens, and a meeting in the evening at which the president will deliver one of the most significant addresses of his tour, on "the Monroe doctrine."

IT MADE HIM SMILE.

President Roosevelt smiled his appreciation when informed by Mr. Deneen that every available foot of space in the Auditorium theater had been assigned and that hundreds of people were clamoring for seats who could not be accommodated.

While the greetings were being exchanged and members of the reception committee and the Evanston hosts presented by Mayor Harrison, the president's special train was switched to the tracks of the Chicago, Milwaukee and St. Paul road for the run to the north shore suburb. As the guest of President James and R. D. Sheppard, of Northwestern university; F. P. Crandon, G. R. Jenkins and J. C. Shaffer, of Evanston, the presidential party, within half an hour after arrival, again entered the cars and amid the cheers of the assembled crowds and the waving of hats, the train pulled out of the station.

At Evanston the president was greeted by Mayor J. A. Patten and then, headed by a detachment of cavalry from Fort Sheridan and a military band, the party made its way through lanes of school children on the streets and of capped and gowned students on the campus to the steps of Lunt library.

As the university grounds were entered a salute of twenty-one guns was fired.

PRESIDENT IS WELCOMED.

President James, of the university, welcomed the president, saying in part:

"You, sir, are the first president of the twentieth century, not merely in time but in temper. Your predecessors for more than fifty years looked forward to, grappled with, or looked back upon problems of the nineteenth century—problems which seem to us now more than a century old. They belong to history. You are the first to face resolutely and fully the problems of a new generation and a new age. May God grant you wisdom and strength to inaugurate this new era, and as unparalleled opportunities have come to you, so may unparalleled success attend you.

"We thank you, sir, not only in the name of this institution, not only in the name of this college and of this university, but all other colleges and all other universities, for the grand illustration which you have given to us and our faculty and our students of the fact that the college life and college properly lived and properly utilized, are a most valuable element in the preparation for the manifold activities of the great world outside. Welcome, thrice welcome, to our midst."

The president was introduced by President James and was received with deafening cheers.

ADDRESSES THE STUDENTS.

Addressing the students the president referred to the value of a college education.

"The better your training," he said, "the better the work you can do. We have no room for the idler—the man who wishes to live a comfortable life—and if a man has not the right spirit in him, if he goes from this or any other university feeling that that fact puts him in a special class, he will fail. But if he feels that he has received special advantage to succeed in this life and proceeds vigorously with that special advantage in reserve he will succeed."

He spoke of athletic sports and stamped his approval upon them and dwelt upon their value in success. Intellectual supremacy, he said, was good. Physical prowess was desirable, but better than all and without which none could succeed was an upright character.

The president continued:

"If you go from this university—from any university—feeling merely that your course here has given you special privileges, if you feel that it has put you in a class apart, you will fail in life. If you feel, on the other hand, that the very fact of your having had special advantage imposed upon you special responsibilities, makes it specially incumbent upon you to show that you can do your duty with peculiar excellence—if you approach life in that spirit, the university training will have done much more for you.

LIKES ROUGH ATHLETICS.

"We need all the training for mind that can be given. We need all the training for body that can be given. I welcome every form of rough, vigorous athletic sports." (Applause).

At the conclusion of the president's address the party re-entered the train and was hurried back to the city without a stop, although along the entire route crowds gathered at the stations and sought to catch a glimpse of the nation's chief. After leaving the train carriages were taken to the Auditorium.

After luncheon the president was escorted to the University of Chicago, where he received the degree of LL. D. in the presence of the professors and 3,000 students of the university and Morgan Park academy.

BARON DE PALLENGE MAY SURVIVE INJURY

Chauffeur for Count Zborowski Gives Details of Automobile Accident.

Nice, April 2.—Contradictory reports were circulated yesterday concerning Baron de Pallenge, who acted as chaffeur for Count Zborowski and led to the announcement of his death. It developed today, however, that the baron did not succumb to his injuries and the physicians in attendance on him express the hope that he will recover if complications do not ensue. He had sufficiently recovered today to give details of the accident. The baron said Count Zborowski was extremely nervous and made the mistake of going at a speed of 90 kilometres, which rendered it impossible to turn sharply at the point in the road where it was necessary to do so. As a result of the accident the prefect today put a stop to the further use of the Nice-La Turbie course and has prohibited a mile race which was to have taken place next Sunday on the promenade Des Anglains.

LITTLE CHANGE IN PAINTERS' STRIKE

Two More Contractors Sign Scale, But Bosses' Association and Men Hold Firm

There is practically no change today in the situation surrounding the strike of the painters and paperhangers, though two more of the smaller contractors signed the scale this morning, and their men returned to work.

Members of the Employers' association, however, are still remaining firm, and the striking journeymen are maintaining a stand just as firm. It is only in isolated cases that men are working, and the business is moving forward very slowly indeed. The contractors' association has, it is said, made no further overtures toward settlement, and its members insist that it cannot subscribe to the demands of the men. On the other hand, the men assert that they are not looking for trouble, but only desire what they regard as fair and just.

The journeymen today removed their headquarters from Knights of Labor hall to the hall of the Jefferson club in the Tri-State building. The men are in session this afternoon.

GIVES THE LIE TO E. H. HARRIMAN

T. J. Taylor Says He Was Denied Access to Southern Pacific's Books.

MADE ATTEMPTS DAILY

Fight for Control Goes on in the Federal Court at Nashville, Tenn.

New York, April 2.—In reply to the published statement by E. H. Harriman to the effect that every facility for inspecting the Southern Pacific stock books had been granted on request, and that "any failure to obtain necessary information was due either to lack of real desire or inefficiency," Talbot J. Taylor made the following statement today:

"On the 2d day of March, 1903, I made application for an inspection of the stock books of the Southern Pacific company to Mr. Alexander Millar, the secretary, and thereafter almost every day until the 17th day of March, 1903, a similar application was repeatedly made by my representatives, who were also stockholders. Mr. Millar refused to allow me or my clerks, through whom the applications were made, to examine the books, resorting to one pretext or another in order to postpone any inspection by us, until we found it necessary to apply to the circuit court in Kentucky for an order compelling the Southern Pacific company to allow the stockholders to inspect the books.

"Meanwhile the representatives of the Union Pacific railroad company, who are alleged to be now in control of the Southern Pacific company, had sent out all their requests for proxies, after which they had very little motive to prevent inspection by the other Southern Pacific stockholders."

Mr. Taylor said it was not true that Mr. Keene offered to sell his Southern Pacific holdings at a price higher than those held by the pool, adding that "such a thing would mean ruin to him or any other man. It is false to say that Mr. Keene offered to sell his Southern Pacific at any price."

THE STRUGGLE IN COURT.

Nashville, Tenn., April 2.—The struggle for control of the Southern Pacific between James R. Keene and the Union Pacific railroad went on in the United States court today, the second day's session of the court which is hearing the application for an injunction to prevent the voting of certain holdings, opening at 9:30. Judge Alexander Humphrey, of Louisville, replying for the Harriman interests to the address of Edward Lauterbach, of New York, representing Mr. Keene, continued his remarks begun late yesterday afternoon. He read largely from Mr. Harriman's affidavits, already made public, and said he would leave the law to be discussed later by his associates.

Judge Humphrey was followed by Mr. Evarts, who contended that the Union Pacific was not before the court and the court, therefore, had no jurisdiction.

Lawrence Maxwell, who represents the Union Pacific, followed Mr. Evarts and said that this was a suit in which in order to obtain relief the complainant must show that as a stockholder in the Southern Pacific he has suffered or is threatened with some action on the part of other stockholders injurious to his interests.

The court adjourned until 2:30, when Mr. Maxwell will resume his argument.

Senator Foraker, representing the Southern Pacific, will follow and make the closing argument.

DIRECTORS ARE STILL IN SESSION

Street Railway Men Busy Framing Up Future of Fort Wayne Traction Matters

Gathered about long tables covered with maps, profiles, estimates, reports and other documents relating to traction matters, the street railway men are still in session at the offices of the Fort Wayne Traction company, and it is stated that nothing has yet been done concerning which an announcement of public interest can be made.

At noon today President McCulloch informed The Sentinel that he and his associates were still at work considering the general proposition of what was to be accomplished, and that the details of the problem had not yet been determined. "It looks, however," said Mr. McCulloch, suggestively, "as though Fort Wayne was to be the center of a big interurban system." Mr. McCulloch declined to be more explicit than this.

The officials were not prepared to say, either, when the business of the present meeting would be concluded, and he said also that the time for making a trip over the city system had not yet been determined. It might be done this afternoon, and it might not be done at all during the present visit. Practically the entire day yesterday was spent in checking over the business and hearing the reports presented by the auditors and accountants of the new syndicate.

GAVE A DINNER.

Last evening at his home on West Wayne street Henry C. Paul gave an elaborate dinner in honor of the street railway men. Sixteen covers were laid, with Seidel catering, and the guests were Messrs. George F. McCulloch, J. Levering Jones, Bayard Henry, James and Charles Murdock, Hon. J. M. Barrett, S. B. Bond, Col. D. N. Foster, J. H. Bass, S. B. Fleming, J. C. Peters, Charles Paul, A. E. Hoffman, C. H. Worden and Henry Bowerfind. The dinner was served at 7:30 o'clock, and in the course of the evening practically every guest present responded in an informal manner to a toast. It leaked out, also, that today was Mr. Paul's birthday anniversary, and his guests lingered long enough to give their host a proper introduction to the new year of his life. It was 12:30 o'clock this morning before the guests arose from the board.

SOUTHWESTERN'S BIG GAIN.

The business of the Fort Wayne and Southwestern interurban line, as evidenced by Auditor Stephens' reports for the month of March just closed, is showing nearly three times the business for last year. During March, 1902, the system carried 15,130 passengers; for the month just closed it carried 43,582. The earnings for March, 1903, were $8,560.60 as against $3,093.40 one year ago. The mileage traveled by the cars was 46,980 as against 23,894 for March, 1902.

BLOODY RIOT IN MONTEREY CITY

Mob of Mexicans Numbering 15,000 Denounce General Reyes.

POLICE FIRE ON THE MOB

Seven Killed and Many Hurt—People Oppose Reyes for Governor.

Laredo, Texas, April 2.—A bloody riot occurred at Monterey, Mexico, this morning. A body of 15,000 citizens gathered at the residence of Gen. Bernardo Reyes, on the Sarragoza plaza, shouting "death to General Reyes."

The mob was fired upon by the police, seven being killed and many wounded. The cause of the disturbance was a desire to have another man for governor.

IN JUSTICES' COURTS.

The Friday family is again having all sorts of trouble. Henry Friday was arrested yesterday morning for provoking Annie Reynolds and was allowed to go on his own recognizance until 2 o'clock, but failed to show up. A constable was sent out for him, but failed to locate him and an attachment was issued. When Constable Hite reached the Friday domicile he was met by Louis Friday, who emptied a few vials of wrath and vituperation on his devoted head, which occasioned the constable to file an affidavit against him for provoke. Justice Skelton will hear both cases. The constables have not yet succeeded in locating either of the brothers. Mrs. Friday jocosely told one of the constables that she guessed "the boys has skipped the country an' clum a tree."

Justice Tancey this morning fined W. H. White $1 and costs for provoke on William Zimmerly. The fine was paid.

TO SHOOT BALDWIN WELL.

This afternoon at 1:40 a party of about 25 Fort Wayne gentlemen interested in oil wells and others prompted by curiosity, visited Baldwin to witness the shooting of the new oil well just completed there a day or two ago. The well is a very promising one and the early indications are that a shot will prove it to be the most productive of any of the several wells developed in the eastern part of the county. Sixty quarts of nitro-glycerine will be used and will be fired over 1,500 feet below the surface and about 60 feet in the Trenton rock. The party left on the C., H. & D. train at the hour mentioned and will return at 7 o'clock this evening.

Friday afternoon and evening.

MARRIAGE LICENSE.

William W. Shafer and Minnie E. Barkley.

MRS. M'KINLEY IN RUNAWAY.

Canton, Ohio, April 2.—Mrs. McKinley's team started on a runaway as she was driving to the cemetery this afternoon. At the West Fifth street hill one of the horses fell and the team was stopped. Neither Mrs. McKinley or the other occupants of the carriage were injured. The horses made a lunge in passing several street cars near the public square, which caused the breaking of a yoke strap.

CAUSED RIOT IN MILAN.

Rome, April 2.—A dispatch to the Popolo Romano from Milan says a demonstration occurred there yesterday evening, following a socialist meeting called to protest against the arrest of Michael Goetz, a Russian, at Naples, March 26, on the charge of being implicated in a plot to kill the czar during his approaching visit to Rome. A mob of about a hundred socialists proceeded to the Russian consulate at Milan, singing a socialist hymn and shouting "down with czarism." The police attempted to disperse the socialists and during the fighting which followed a stone was hurled at the escutcheons on the consulate, its flagstaff was broken, a police officer was injured and four men arrested.

TWO BOYS BITTEN BY SAVAGE DOGS

Alonzo Brown, a 13-year-old boy whose home is at 111 West Columbia street, was painfully bitten at 3:30 o'clock Wednesday afternoon in the alley in the rear of the Arcade. A bird dog, whose owner is unknown, was gnawing at a bone there, and as young Brown passed the animal leaped upon the lad, catching him upon the right hip and lacerating the flesh in a severe manner. Brown was hurried to the office of Dr. J. A. Lomas, where his wounds were dressed.

John Greim, 12 years of age, residing at 614 Poplar street, had occasion to enter a residence at Fox and Walnut streets at 5 o'clock Wednesday evening upon an errand. As he did so he was attacked by a dog, the animal seizing young Greim by the left hand and its teeth penetrating deeply.

DISCLAIMED ANY DESIRE TO FIGHT

Datto Hassan in Jolo, One of the Powerful Leaders, is Inclined to Peace.

Manila, April 2.—The situation in Jolo is more promising. Datto Pagliman Hassan, the most powerful native leader, visited Colonel Wallace recently and disclaimed any desire to fight. He accepted the colonel's explanation of American policy and promised to be peaceful.

There has been considerable intertribal trouble, but no demonstrations have occurred latterly in Jolo against Americans.

General Davis has planned to locate a strong military post in the center of Jolo island. It is believed this will ensure peace.

The general, as representative of the Philippine government, will go to Jolo shortly and have a conference with the sultan. The government is desirous of abrogating the Bates treaty with the sultan, which has proved unworkable and which conflicts with the American laws.

THE CZAR FEARS TO GO TO ROME

Too Many Russian Suspects There to Make the Visit Safe Undertaking.

St. Petersburg, Sunday, March 29.—It is asserted in Russian official circles that the postponement of the czar's proposed visit to Rome was due to reports from Russian detectives to the effect that there are so many suspects in Italy at present that the czar's safety would be endangered if he went to that country.

KILLED BY FALLING WALLS.

Louisville, Ky., April 2.—Two negroes were killed, two seriously hurt and nine slightly injured by falling walls in a brick tenement house at 313 Lafayette street today. The dead are Fannie Taylor, aged thirty; Bettie Hooper, aged thirty-three; seriously injured are Henry Williams and Charley Williams.

WATSON'S REMAINS GONE.

Undertaker J. C. Peltier at noon today shipped the remains of William Watson to relatives at Cleveland, N. Y. Watson is the man who dropped dead upon the railroad track near Sheldon.

TURKISH TROOPS GO TO ALBANIA

Sultan Orders a Division to the Scene of the Recent Outbreaks.

SITUATION COMPLICATED

Czar Notifies Bulgaria She Need Expect No Help from Russia.

Paris, April 2.—The French foreign office has been officially advised that the sultan of Turkey has ordered a division of troops to the scene of the recent outbreaks of Albanians.

Official advices also confirm the reports of the wounding of the Russian consul at Mitrovitza during the unsuccessful attack which the Albanians made on that town. The attacking party numbered two thousand men, representing the element opposing the plan of reforms which the powers jointly formulated and which Turkey accepted. The officials here consider that the Albanian opposition to the reforms creates a serious complication and they accept the sultan's action in dispatching large reinforcements to Albania as evidence of the Turkish government's determination to carry out the reform project.

Another official dispatch announces that Russia has given Bulgaria a definite and emphatic notification that in case the resistance of the Bulgarian settlers in Turkey to the sultan's reforms brings on a Turkish-Bulgarian conflict Bulgaria must not count on any support, moral or material, from Russia. This is considered further evidence of the purpose of the powers not to interfere with the sultan's plans so long as he is carrying out in good faith the powers' project for reforms.

CITY BREVITIES.

George E. Paff, a yeoman on the United States cruiser Columbia, is visiting his parents near Huntertown.

Sol C. Dickey, of Indianapolis, is at the Wayne. Mr. Dickey is well known as the manager of the Winona assembly.

Miss Hazel Cowdrey, of West Jefferson street, accompanied by her brother, Harold, has gone to Chicago to visit friends for several days.

The Ladies' Mite society of Christ's English Lutheran church will be entertained at the home of Dr. and Mrs. Niswonger, 327 West Superior street.

A daughter was born to Mr. and Mrs. John H. Sthair, of Walton avenue, yesterday. The father is a machinist at the Fort Wayne Electric works.

The regular monthly business meeting of the English Lutheran church of the Redeemer, will be held Friday evening at 7:30 o'clock at the church.

Miss Elgie Nelson left today for Indianapolis to resume her studies at Knickerbocker hall. Miss Nelson has been out of school a month on account of illness.

Mrs. R. G. Thompson and son Chandler, of Detroit, are in the city for a brief visit with Colonel Thompson. Chandler is attending school in Detroit, but is now enjoying an Easter vacation.

The management of the Anthony Wayne club has issued a neat little booklet containing the house rules, by-laws, list of members and other information concerning the club, which members can have on application at the club office.

Mrs. Minnie Stults, of 1319 Wells street, assisted by Miss Ida Long and Miss Ida Whitney, entertained a party of friends at progressive pedro Wednesday evening. Prizes contested for were won by Solie Katzenberg and Gust Paul. Refreshments were served at a late hour.

There was a fair turnout at the gospel Lenten service at Christ's Lutheran church last night. All were pleased and much profited by the stirring manner in which the pastor presented the thought of "The Abiding Christ," from the text, "Lo, I am with you always." He will preach tonight on the subject, "The Stranger at the Door."

Clyde Fields, a local musician, now with the Buffalo Bill band in England, writes an interesting letter to a Fort Wayne friend from London, enclosing a column clipping from the London Telegraph. The clipping details a visit of King Edward and the royal family and suite to the Wild West show. The king patted young Fields on the back and complimented the band. Fields says he will have the spot where royalty touched him embroidered.

Anxious thoughts sometimes perplex the wife who sees maternity before her. If she is treading an untried path, she sometimes frets herself into a nervous condition which is injurious and prostrating. If motherhood has already been a painful experience she is apt to shrink from the coming trial and by her very mental anxiety increase the possibility of her suffering.

There is no cause for anxiety for those prospective mothers who use Dr. Pierce's Favorite Prescription. It tranquilizes the nerves, encourages the appetite, induces refreshing sleep and produces mental cheerfulness as well as physical vigor. It gives strength and muscular elasticity so that the baby's advent is practically painless. It is the best tonic for nursing mothers.

"I am so thankful for what Dr. Pierce's Favorite Prescription has done for me," writes Mrs. John T. Smith, of Slocan, Brit. Col., Box 50. "It helped me through the long months before baby came and I have a big, strong baby girl, the most healthy of the three, and it cured me of a disease which was taking away all my strength."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss, therefore accept no substitute.

NEW TRUST COMPANY GETTING INTO SHAPE

People's Institution Opens Its Doors for Collection of Capital Stock.

The doors of the People's Trust and Savings company in the Trentman building were thrown open this morning for the first time, and in the handsomely appointed offices P. J. McDonald, so long connected with the waterworks department, welcomed a large number of callers during the day.

The institution is the newest of the financial concerns of the city, and the equipment of the offices has been going forward for some weeks. The company is not yet ready for business, however, and is now engaged in a collection of the capital stock which has been subscribed. Under the state law the subscriptions must be paid in, this fact certified to the secretary of state, and that official will issue a permit for the company to begin business.

Several days will be required to do this, and it is probable that the institution will not be engaged in a general trust company business before early next week. Dr. S. H. Havice was the first of the stockholders to make a payment of his subscription when the doors opened this morning.

WILL INSPECT STATE MILITIA.

Washington, April 2.—An order was issued at the war department yesterday providing for the inspection of the militia of the United States in order to carry out the Dick militia act of the last congress. This inspection is to be under the direction of the various department commanders, who will designate officers to make inspections within their departments.

The inspectors will ascertain the strength of the various organizations, including classification of officers and men present and absent, as shown by the official returns, and report as to whether or not all the officers and men are regularly enlisted. An estimate will be obtained showing the number of United States standard service magazine arms (rifles and carbines), and whether the organizations are sufficiently armed, uniformed and equipped for active service in the field.

EDWARD WILL VISIT ROME.

Rome, April 2.—Prince Colonna, the mayor of Rome, has been officially informed by the Italian government that King Edward will visit Rome at the end of this month. Monsignor Stonor, canon of St. John Lateran, the highest English prelate here, has been entrusted with the negotiations to arrange a visit of King Edward to the pope. It is proposed that the king go either to the English ecclesiastical college here, or to the residence of Prince Massimo, whom he met when here, as Prince of Wales, during the lifetime of Pope Pius IX. From either of these places he would start for the vatican, not in a carriage of the king of Italy, but in a private vehicle.

FARMER ELOPES WITH NIECE.

Cooperstown, N. Y., April 2.—It had been known for some time that David Harris, a farmer of Gilbertsville, this county, was enamored of his niece, Sarah Lamphere. Both left their homes mysteriously on the night of March 19. It was learned that they drove to Norwich and purchased railroad tickets for Billings, Mont., intending to locate in the northwest. The police authorities of Billings were wired to be on the lookout for the pair, and Sheriff Mather, of this village, has received a message saying the man and girl have been located. Harris, who is 38 years old, deserted a family, and the girl, who is scarcely 15, left a respectable home.

ANOTHER CUT IN SUGAR.

New York, April 2.—Arbuckle Bros. today announced a further reduction of 5 cents a hundred pounds in the price of refined sugars, making the price of granulated 4.60 cents per pound, and the net price 4½ cents. This is 5 cents a hundred pounds lower than the price fixed yesterday by the American and National refineries, which reduced the price 10 cents a hundred pounds.

POSTMASTER GENERAL PAYNE MAY RESIGN

It Is Declared Not Improbable That He Will Soon Quit Office.

Washington, April 2.—Hundreds of clerks in the postoffice department are anxiously awaiting Postmaster General Payne's return on the 10th It is known the investigation Fourth Assistant Postmaster General Bristow is conducting is by direction of the president, and Mr. Bristow is subordinate to neither the first assistant postmaster general nor to the postmaster general. Mr. Bristow has taken hold of a number of interesting snags of some age and much growth. It is known that Mr. Bristow has found proof that there were annual assessments in the salaries and allowances division, which collected considerable sums of money that went into private pockets. He has discovered that employes have been induced to buy stock incorporations formed and conducted by the department officials. He has found that under guise of making political assessments, large sums have been collected in the rural free delivery service. He has also some proof going to show that various appliances have been contracted for with an understanding that a regular annual royalty should be paid to department officials on each appliance.

The fact that Assistant Postmaster General Wynne is responsible for the initiative in forcing the investigation and that he has the president's support, gives the affair a very serious aspect. Many officials who are being investigated are near to the postmaster general. Mr. Wynne and Mr. Payne are not in accord, and it is not out of reason to expect the postmaster general will resent the liberties taken with the department during his absence. That it would go so far as to force the resignation of Postmaster General Payne is not at all improbable. It is certain the fight will assume a sharp and jagged definiteness when Mr. Payne returns next week. It is hardly to be expected that it will result in the displacement of Mr. Wynne.

Impressed with the suspicion that the department needed an airing the president has set in operation an inquiry that can only be profoundly obnoxious to the postmaster general, and which, to say the least, is looked upon as a peculiar method of dealing with one of his cabinet officers.

One of the allegations taken up in the investigation is that influence built up by the rural free delivery service has been employed to further miscellaneous legislation before congress, under circumstances that seem to indicate a contingent arrangement for compensation.

EMINENT DIVINE COMING.

Rev. William O'Brien Pardow, S J., of New York city, is to deliver his lecture on "The Bible at the Beginning of the Twentieth Century" at Library hall April 15 under the auspices of the Knights of Columbus. Rev. Father Pardow is a Jesuit priest, and one of the eminent divines of the Catholic church. During the present year he has been delivering the Lenten sermons at St. Patrick's Cathedral in New York city, and on the occasion of his recent lecture at the Auditorium, Chicago, the first five boxes in the theater sold for $5,000.

MIDDLETON IS RELEASED.

Goshen, Ind., April 2.—H. A. Middleton, the former mechanical superintendent of the Western Rubber company, of Goshen, who was Monday evening convicted of malicious trespass in mixing $1,000 worth of compounds for the company and sentenced to jail for six months and fined $600, was released last night. He effected a settlement with the company and his motion for a new trial was granted. On rehearing, on a plea of guilty, Middleton was fined $600 and costs (about $50) by the court, no jail sentence being imposed. He was released and went to Chicago yesterday morning.

TAKEN FROM BURNING SHIP.

Savannah, Ga., April 2.—The schooner Isabella Gill, Captain Collison, from Baltimore, arrived this morning with Captain Dix and eight men of the schooner E. H. Weaver, lost off Charleston Monday morning. The Weaver was lumber laden from Fernandina to New Haven. The wreck caught fire and Captain Dix was badly burned while trying to extinguish it.

CZAR BEGINS REFORMS.

St. Petersburg, April 2.—In pursuance of the policy enunciated in the recent manifesto of the czar, an imperial ukase issued today relieves a large number of the rural communities of the joint liability heretofore existing for the payment of direct state, zemstvo and communal taxes, levied by the provincial councils and village authorities.

FIND SYSTEMS A GREAT SUCCESS

Heating Plant Promoters Return from Inspection Tour of Indiana Cities

Messrs. G. W. Beers, Louis Fox, Charles McCulloch and S. M. Foster, four of the gentlemen who purpose installing a steam or hot water heating plant in Fort Wayne, returned last evening from an inspection trip. They visited a number of Indiana cities where these heating plants are in operation, with the result that in every case the systems were found to be an unqualified success.

The plants visited included one at Marion, two at Indianapolis and one at Muncie, and discussing the trip this morning Mr. McCulloch said: "We learned that the heating systems were working perfectly, giving excellent satisfaction, and that those who are using this method of heating would be extremely sorry to part with it. Both the steam and the hot water systems were investigated, but there has been no conclusion as yet regarding the method to be adopted in this city."

It is learned also, that J. E. McElfatrick, of Lima, Ohio, is in the city at the solicitation of the company. Mr. McElfatrick is a heating expert, and he will make an inspection of the buildings in the downtown district with the furnishing of the company an estimate upon the magnitude of the plant which it will be necessary to install in order to meet the needs of the city.

NO CHALLENGE IS EXPECTED.

Philadelphia, Pa., April 2.—The outcome of Magistrate Gorman's decision which declares Sunday newspapers, ice cream and news agencies to be public necessities is not likely to be challenged. It is expected that the courts will uphold the decision as respects the cases urged by the Sabbath law and order elements. The Dealers' association has prepared an amendment to the blue law amendment, which reads as follows:

"Hereafter it shall be lawful to sell drugs, medicines, soda and mineral waters, milk and other harmless non-intoxicating drinks, bread, meat, oysters, ice cream, candy, cakes, pastry, cigars and tobacco, to prepare, print, distribute and sell newspapers on the first day of the week, commonly called Sunday."

SIGNED A PROTOCOL.

Washington, April 2.—Mr. Bowen, Venezuela's plenipotentiary, today signed with Senor Ojeda, the Spanish minister, the Venezuelan-Spanish protocol having for the adjustment of the Spanish claims by a joint commission at Caracas. The president of Mexico, it is provided, shall select the umpire in case of the failure of the commission to agree. The British ambassador is authority for the statement that the negotiations for The Hague protocol will probably be resumed tomorrow. The German minister, Baron Von Sternburg, will be out of the city for several days, but in his absence the secretary, Baron Von Dem Bussche, is empowered to act.

COLDS AND GRIP QUICKLY CURED.

When colds and la grippe are prevalent, the quickest and surest remedies are in demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. This remedy has become famous for its cures of colds and la grippe and can be depended upon with implicit confidence. It prevents any tendency of those diseases toward pneumonia.

FEARS FOR TRAIN'S SAFETY.

Truckee, Cal., April 2.—Grave fears are entertained for the safety of a train which left here at 3 o'clock Tuesday afternoon for Lake Tahoe on the Tuckee and Tahoe narrow gauge It carried a dozen people, including two women from San Francisco and several officers of the road. It is only fourteen miles to Tahoe, and unless something serious has happened some one would have walked to the lake. The Tuckee river is much swollen and may have washed away one of the seven bridges which cross it, or the banks may have caved, precipitating the train into the river. Men on snow shoes have started from both ends of the road, and a large party is organized to leave here soon.

DEMOCRATIC PRIMARY ELECTION

To the Democrats of Fort Wayne:

The election of delegates to the city convention will take place Friday, April 3, 1903, from 4 o'clock to 7 o'clock p. m. At the primaries there will also be nominated by direct vote two candidates for councilmen for each ward.

The delegates elected at the primary will meet in the assembly room of the court house on April 4, 1903, at 7:30 p. m., to nominate three candidates for waterworks trustees. The number of delegates shall be proportioned at the ratio of one delegate for every hundred votes and fraction over fifty votes cast at the last city election for Henry C. Berghoff for mayor, and shall therefore be, according to this division, as follows:

Ward.	Delegates.
First	5
Second	5
Third	5
Fourth	6
Fifth	5
Sixth	5
Seventh	5
Eighth	6
Ninth	5
Tenth	4

Total number of delegates..51

The election of delegates shall be held at the following places:

FIRST WARD.

All north of Washington street at Albanus Brothers' carriage works.

All south of Washington street at 117 (old No.) Hanna street, Tapp building.

SECOND WARD.

All north of the alley between Wayne and Washington streets, at 610 Barr street.

All south of the alley between Wayne and Washington streets, at Lauer's barber shop.

THIRD WARD.

All north of Pittsburg railroad at Meyer's livery barn, Washington boulevard.

All south of Pittsburg railroad at 123 Grand street.

FOURTH WARD.

That part of the Fourth ward north of the Pittsburg railroad at Hilgeman's grocery.

All that part of the Fourth ward south of the Pittsburg railroad at the residence of Mrs. White, 1718 Fairfield avenue.

FIFTH WARD.

All west of the St. Mary's river at 1439 West Main street.

All east of the St. Mary's river at Rippe's livery barn, on Broadway.

SIXTH WARD.

All north of the Wabash railroad at corner of Taylor street and Broadway.

All of the Sixth ward south of Butler and east of Fairfield avenue at Rinehart's grocery, Calhoun street.

All south of Poplar street and Wabash railroad, west of Fairfield avenue and east of river at South Wayne town hall.

SEVENTH WARD.

All east of Lafayette street at Klipper's bakery, 393 (old No.) Lafayette street.

All west of Lafayette street at Spanley's grocery, 457 (old No.) South Calhoun street.

EIGHTH WARD.

All south of Maumee road, 1304 Maumee avenue.

All north of Maumee road, at 385 (old No.) East Wayne street.

NINTH WARD.

All of Ninth ward at Brink's drug store.

TENTH WARD.

All west of Smith street at corner of Force and Buchanan streets.

All east of Smith street at Freiburger's tin shop.

The vote shall be by uniform ballot, to be furnished under the direction of the city central committee. There shall be two ballots for each ward, one to contain the names of delegates and the other the names of all candidates for councilmen. The name of the candidate who is represented by delegates must be printed in large letters above the names of his delegates.

The tickets for delegates must be printed on blue paper and those of the councilmen on white paper.

The voter will vote for two councilmen on one ballot and express his choice by a lead pencil (X) cross in front of the names of those voted for.

To vote for delegate, a lead pencil mark must be placed in front of the name of each delegate voted for. Any person desiring to vote for any delegate whose name does not appear on the ticket can do so by writing the name of such delegate on the ticket and scratching out the name of the one he does not wish to vote for.

If there are more than two candidates in a ward for councilman and the voter makes a cross in front of the name of only one of the candidates on that ticket, it shall count as a vote for that one candidate, but shall not be counted for any other candidate.

If there are but two candidates in a ward for councilmen and a ticket is voted without marking, it shall be counted a vote for each of the candidates upon that ticket.

Two city central committeemen shall be elected and the voter may vote for two persons for this purpose by writing upon the councilmanic ticket, upon the blank lines, the name of the persons he desires to vote for.

The result of the election must be immediately reported to the city central committee.

All delegates elected shall meet at the court house, in the assembly room thereof, Saturday evening, April 4, 1903, at 7:30 p. m., to make nominations.

By order of the Democratic City Central Committee.

true spring medicine, is what you need to prepare you for the joys and pleasures of life; nothing else can give you the blessings you so earnestly pray for. Its use means perfect freedom from the grave sufferings and perils that must come later if you waste precious time. Miss Olive J. Merrill, Kirksville, Mo., writes for your encouragement:

"I suffered very much from nervousness, sleeplessness, and rheumatism, and was induced to use Paine's Celery Compound. It perfectly met my troubles and happily banished them. Since using the Compound I am better in health than ever before in my life."

Miss Madge E. Sisson, Castile, N. Y., gratefully writes as follows: "I was very weak and nervous, and father called in a doctor. I was treated; but instead of getting better, I got weaker and was obliged to take to my bed. I had no control of my nerves, and at times I suffered with spasms. My pastor brought me Paine's Celery Compound, and I commenced to use it, and began to grow stronger. To the astonishment of my friends I was perfectly cured, and today I am stout, hearty, and strong, sleep well, and feel well."

YOUNG CORBETT WILL NOT FIGHT AT ONCE

Champion Says Fellows After His Game Will Have to Wait Awhile.

San Francisco, April 2.—"Benny Yanger and all of the others, including Jimmy Britt, will have to wait to get a chance to fight me. I am going to take a rest for a time, and I think the fight followers will agree with me when I say that I am entitled to a rest."

This is what Young Corbett told his friends and the newspaper men when he got out of bed late yesterday afternoon and started in to continue his celebration of Tuesday night's great victory over Terry McGovern at Mechanics' pavilion. The bright-faced little fellow was told that he was being besieged with challenges and that answers are wanted for them by the fighters who issue them.

Cannot Force Him to Fight.

Corbett laughs at the idea of anyone forcing him into a meeting for the championship. He says McGovern tried that and then dodged a half a dozen chances to fight. "I would like to see a little sincerity on the part of the men who are snapping at my heels," he said, laughingly. "Terry and I have been trying for over a year to get another chance at each other. McGovern himself thinks he is entitled to another meeting with me, but I cannot see him at all. I have beaten him twice and knocked him out in clean fashion each time. That ought to prove to everybody who is the better man. It provides it to me, and now thatt. yr., fi ilodal idoladl iodtwewta that I am still champion, I do not doubt that my opinion will settle it.

"At any rate, I may talk fight to some of these fellows after a time, but I am going to rest up. The fact that I had to work like a dog to make the weight that McGovern insisted upon, shows that I need a little rest at least. A fighter hasn't got many nights like that one in him, and there is nothing like hard training to sap your vitality."

McGovern Losing Friends.

Corbett is much amused at McGovern's statements that he was robbed of the decision by a fast or short count. McGovern continues to make a hue and cry over the matter, and so does Sam Harris and the noisy Joe Humphreys. The latter is one of the most persistent of the entire McGovern camp and is calling people names at a great rate and getting audiences to make his statements wherever he can. Terry came here a pretty popular young fellow, despite all of the stories that were circulated about his having fixed fights, but he is losing friends by the hundreds by the talk he and his friends are making. The men who are concerned in the count Tuesday night in the eleventh round are reputable men and have records for honesty that statements by McGovern cannot dull.

EDWARD VII. TO VISIT POPE

Rome, April 2.—Although no official confirmation has been received, a report that King Edward VII. will visit Rome at the end of April has produced a great impression at the vatican. The ceremonial initiated by the German emperor forms a precedent for the procedure which may be adopted on King Edward's visit. The rule is for a non-Catholic sovereign to leave the quirinal and go to the residence of his representative at the holy see, whence, from neutral ground, he can proceed to the vatican.

King Edward, like the shah of Persia, has no representative at the holy see. The vatican proposed to the shah that he start from the residence of another diplomat, but this the shah refused to do. As it is impossible to make the same proposal to King Edward, all the diplomacy of the vatican is being brought into play to secure an interview between the king of England and Pope Leo.

The pope sent a special mission to the accession of King Edward, a courtesy which his majesty returned by sending the earl of Denbigh as a special envoy to the papal jubilee.

CROWDED CONDITION OF INSANE HOSPITAL

Cannot Take Care of All Patients in Sixteen Counties at Richmond.

Richmond, Ind., April 2.—The report from Anderson of the difficulties of the Madison county sheriff to get insane patients into the Eastern Hospital for the Insane only shows the difficulties that all sheriffs have in all counties which send insane patients to this point. The hospital at this time is crowded almost to its capacity, although two wards for the sick insane were built less than a year ago. These buildings were intended for hospital uses only, but by taking sick patients from other wards, the crowded conditions were somewhat relieved.

The Richmond insane hospital district, comprising sixteen counties, is entirely too large for the present capacity of the Eastern hospital. The population in this district has almost doubled since the institution was established, yet the capacity of the hospital has not been increased proportionately. Madison county suffers no more than some of the other counties that are of less population.

In Wayne county, with the insane hospital within its borders, there are from one to three persons in the jail at all times awaiting admission. The poor farm at the present time has at least half a dozen inmates that should be in the hospital for the insane.

The relief lies with the general assembly to provide means for the care of the hundreds of unfortunates now in jails and poorhouses. The care of epileptics is one of the greatest problems that the management of the state's insane hospitals have before them. Epilepsy is the mildest form of insanity, yet the care of inmates afflicted with this form of mental disease requires as much attention as do other inmates.

Dr. S. E. Smith, medical superintendent of the Richmond hospital, has for several years advocated the colonization system for the relief of the crowded condition of the hospital, and to bring about a more desirable treatment of those whose insanity is mild. This class of unfortunates, to the number of several hundred in this district alone, could be colonized on a farm of adequate size, housed in small, comfortable homes, and have an opportunity to lead a simple and quiet life, that would not only prove beneficial to their mental and physical health, but would render them capable of self-support, thus taking a burden off the state that is at present on the increase.

At the same time the taking out of the hospitals of this class of inmates would relieve the crowded condition and allow the jails and poor farms to be cleared.

WHAT JUDGE HENCH DID.

(Indianapolis Sentinel.)

Judge Samuel M. Hench, of Fort Wayne, was in the city yesterday. He is the principal counsel for the state in the Dunn murder case from Allen county in which oral arguments will be heard in the supreme court tomorrow.

Besides being known as one of the leading criminal lawyers of the state Judge Hench is a prominent democrat and has twice been a candidate for congressional honors in Twelfth district conventions. As a member of the state legislature in the session of 1891 he introduced the bill which appropriated an additional $165,000 for the completion of the soldiers' monument. "When we came down," said the judge, "the monument was boxed over with lumber and looked dismal enough to dishearten its friends. The men behind its construction had run out of money, the previous appropriation was completely exhausted and the work had been at a standstill for almost two years. The legislature was heavily democratic that year. I introduced the bill for the new appropriation, we got it through, and," he concluded with a chuckle, "the people up in my county never found it out."

DELEGATES WERE CHOSEN.

Delegates representing the Modern Woodmen camps in Allen county held a meeting in the assembly room of the court house last night, and elected C. W. Porter and F. H. Cutshall delegates to the state camp at Indianapolis June 12. Dr. Charles King and E. E. Hayes were named alternates. The meeting took favorable action on the readjustment of insurance rates and adopting a uniform instead of a graduated rate. It is proposed to abolish the increase of payments as policy holders as they grow older. Twenty-four delegates were present at the meeting.

LINDEN QUARTET CONCERT.

The Linden quartet annual concert, postponed several weeks ago on account of the illness of several of the musicians, will be given tomorrow evening in Wayne Street M. E. church. The concert promises to be fully up to the standard of previous entertainments, if not superior to them. The Haydn quartet, Mrs. Bond, Miss Gill and Miss Mathis will assist. Tickets sold for the previous concert will be good tomorrow evening.

PUSH ROAD NORTHWARD.

(Hartford City News.)

W. B. Cooley returned this morning from Cleveland, where he attended a meeting of the directors of the Muncie, Hartford City and Fort Wayne interurban railway company yesterday. At this meeting officers were elected. S. M. Hexter was made president; A. L. Johnson, vice president; J. C. Gilcrist, treasurer, and F. M. Born, secretary. W. B. Cooley, Lewis Hexter and J. C. Gilcrist were selected to compose an executive board. Mr. Cooley says that construction will be pushed from now on until the rails are laid to Bluffton, which will be in a short time. Cars will soon be running to Montpelier, the rails now being laid through the city, and the company is more anxious even than the people along the north end of the line for an early completion of the road.

CITY BREVITIES.

William Pease, of Buffalo, N. Y., formerly of this city, is here on a visit.

The ladies of the First Presbyterian church will have a missionary tea on Friday.

Jack Bedson is expected home tomorrow from a six weeks' trip to California.

Messrs. A. B. Trentman and S. B. Fleming will go to West Baden on Saturday.

Armand Huhn, of Huntington, has taken a position with the Packard Organ company in this city.

S. K. Blair has been removed to his home from St. Joseph hospital and will go to West Baden with Mrs. Blair on Saturday.

Decatur Democrat: Miss Clara Nichols, of Fort Wayne, who has been visiting relatives here for several days, returned home this morning.

Herman Strodel, of Wells street, was pleasantly surprised on Tuesday evening by a company of friends in celebration of his birthday anniversary.

Columbia City Post: J. L. Trumbull and family, of Fort Wayne, arrived in the city this afternoon and are visiting with Barney McClain and family.

Mr. and Mrs. George Metzger will entertain the members of the Up-to-Date Thimble club and their husbands this evening in celebration of their wedding anniversary.

About one hundred young people attended the dance given by the senior class of the high school in the Mulqueen academy last evening. Mrs. R. A. Bradley was chaperon. The arrangements committee consisted of Geary Knight, Miss Hilda Lane, Miss Jessamine Bailey, Miss Grace Fitch and Frank Bohn. Music on piano and traps was furnished by Will Young and Earl Calkins.

Quit the Medicines and Got Well On Grape-Nuts.

Made over on a change of food is rather a fascinating experience. Sounds like fiction, but an employee of the Anaconda Copper Co. of Anaconda, Mont. had just that experience, being cured on Grape-Nuts.

"For several years I was so run down from indigestion and improper foods that I had to resign a $125.00 a month position in Chicago," he says. "I was in such a bad condition that if I stooped over the sour food came boiling up into my throat and out my mouth.

"I lost nine months valuable time, and three of Chicago's best physicians said I must die. I weighed about 140 pounds, which is skeleton weight for me. So I resigned myself to my fate and went home to the country to die. It was there a cousin introduced me to Grape-Nuts and new life. I threw all my medicines away and at the end of two week's use of Grape-Nuts had to admit that I had gained 4 pounds. In the next few weeks I ate absolutely nothing but Grape-Nuts and pure rich cream and gained 18 pounds.

"I began to take interest in the events of the world again. From this point my recovery has been rapid and today I am physically in the best condition I ever was in my life. I had no trouble to get a position with the Anaconda Copper Mining Co. at a better salary than before.

"This is what Grape-Nuts has done for me. It saved my life, thanks to pure food." Name given by Postum Co., Battle Creek, Mich.

MILL WANTS LOCAL CAPITAL AND SITE

Steel Plant Seeks to Locate Here — Proposition Submitted by Representative

A meeting of the directors of the Commercial club and the Land Improvement company was held last evening in the Commerical club rooms to consider the proposition of a steel rolling mill, which is desirous of locating in the city. A representative of the company was present, and gave full particulars on all points concerning the plant.

The company asks for a donation of land and that local capitalists subscribe $150,000 of the $300,000 capital stock of the mill company. No action was taken at last night's meeting, but it was decided to make a canvass and find out if the desired sum could be raised. A meeting will be held in the Commercial club rooms at 3 o'clock Saturday and a report as to the possibility of raising the desired sum will be made.

The mill's representative submitted two semi-monthly pay rolls, which showed that 400 men were employed and that the average pay was from $50 to $60 per month. The output of the plant last year was about 19,000 net tons, with a total tonnage of material and by products of about 100,000 tons or about 5,000 car loads of 20 tons each.

The directors were much impressed with the value of such an addition to Fort Wayne's industries, and every effort will be made to have the mill locate here.

COSTS NOTHING UNLESS CURED.

A Fair Offer Made by Meyer Bros. & Co. to All Sufferers From Catarrh.

Meyer Bros. & Co. are selling Hyomei on a plan that has caused considerable talk amongst their customers.

The plan is different from that followed by other remedies, but the remedy itself is different also. This treatment for the cure of catarrh has such an unusual record of cures to its credit that Meyer Bros. & Co. offer to refund the money if it does not give the desired benefit. This is certainly one of the fairest offers that can be made, and any one who has catarrh and does not ake advantage of it is doing himself or herself an injustice.

The Hyomei treatment consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The complete treatment costs but $1.00 and as the inhaler will last a lifetime and there is sufficient Hyomei for more than a month's use, the medicine is very inexpensive. Many people who have used it write that for the good Hyomei has done them they would willingly pay thousands of dollars.

Extra bottles of Hyomei can be procured for use with the inhaler at 50c.

Do not suffer any longer with tickling, smarting, irritating, burning, eye-watering troubles that afflict those who have catarrh. Hyomei will cure you, but if you should not find it adapted to your case Meyer Bros. & Co. will return your money.

CHRONIC BRONCHITIS CURED.

"For ten years I had chronic bronchitis, so bad at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Sold by Dreier & Bro.

It is fairly clear that the strikes inaugurated the first day of April were not intended as jokes.

To prove that what he has been saying about Grover Cleveland refers only to Mr. Cleveland, Colonel Watterson is now giving attention to Mr. Bryan in detail.

The political turn-over in the Pittsburg city elections a few weeks ago has proved a turn-over, indeed. The new recorder has just ousted from their jobs three thousand city employes. This looks like an utter want of confidence in the previous administration.

The campaign against "get-rich-quick" concerns goes on. From the number of them uncovered in all parts of the country it is clear the "easy money" man's proverb that "a sucker is born every minute" does not cover the situation. A one-a-minute rate must come far from supplying the demand.

The new excise law which will raise the cost of liquor license to $1,200 in New York city is arousing much opposition, among those who will have it to pay, but it will command public approval finally, for it will wipe out a large percentage of the worst class of places. It will diminish general lawlessness, and particularly crime and drunken disorders.

Anyway, Mr. Cleveland does not appear to be greatly distressed that the purpose of his trip to St. Louis is so greatly misunderstood. He probably finds it agreeable to be again considered as an available party leader. Moreover, the trip may altogether change his mind as to not wanting to be thought of, talked about and boomed. A vociferous reception may have altogether unlooked for effect upon the ex-president.

The county council of Marion county has appropriated $10,000 wherewith to purchase voting machines, which are to be used pursuant to the law passed by the late legislature. The machines will first be used in the municipal election in Indianapolis next October. From an outside point of view the Marion county move is a good one. It will give Allen county and the others included in the compulsory scope of the law an opportunity to profit somewhat by the experience of Indianapolis.

The retirement of P. J. McDonald from the office of clerk in the waterworks department after more than eighteen years of service in that capacity will be a source of regret to thousands of his friends in Fort Wayne. He has been uniformly courteous, obliging and good-natured to all with whom he officially came in contact and he will be greatly missed from his familiar place. He has discharged his duties with great ability and intelligence and no better man will ever be found for the place. He will enter upon his duties as the manager of one of Fort Wayne's new financial institutions with the good wishes of all who know him.

The official of a bank in Germany who stole $70,000 and then coolly told the directors of it in order to compel the granting of a present of $7,000 and an annual pension of $900 in return for restitution of the stolen funds, did not invent anything. It will be recalled that a few years ago two subordinate officials of a New England bank found they could not much longer hide the fact that they had long been embezzling the bank's funds. Forthwith they looted the bank's vaults of all they contained of value and left the institution practically without assets. Then the embezzlers dictated terms, securing immunity from legal consequences of their embezzlements in return for restoration of the bank's assets.

If the injunction issued by Judge Adams at St. Louis a month ago against the Wabash employes contemplating a strike was sweeping and revolutionary he has at least made good use of the opportunity he took to inquire into the merits of the matter. After hearing both sides exhaustively Judge Adams has without qualification dissolved the injunction. He finds there was no basis to the complaint made by the Wabash officials. His decision well illustrates the true principle of the power of injunction employed as he employed it. He was enabled to find where the equities of the whole matter lay and rule accordingly. At the same time, such sweeping orders of court as Judge Adams' temporary injunction are not to be welcomed. They set precedents that are pregnant with danger.

PLANNING A GREAT CHURCH.

Boston, April 2.—The present "mother church" of Christian Scientists in this city is to be replaced by the largest church of the denomination in this country and one of the largest in the world. It will seat 5,000 people and afford standing room to half as many more. The cost will be about $1,000,000 and the new edifice will be dedicated free of debt, as is the custom of the denomination. All the necessary land has been bought and the work on the new building will begin in the fall.

Mrs. Thomas J. Crighton and children have gone to Warsaw on a visit. They will go to Cleveland in a few days to join Mr. Crighton, who is located there in business.

CROWD WENT OUT TO SEE A PRIZE FIGHT

An April First Joke That Many Local Sports Have Not Forgotten.

The fight between Young Corbett and Terry McGovern night before last may have been all right and exciting enough in its way, but it was not even a preliminary bout as compared with the one which took place, or which didn't take place, just fourteen years ago the same night in the Centlivre ice house north of the brewery.

Word went out quietly on the afternoon of the 31st of March that right after midnight there would be a prize fight at the place mentioned between two unknowns, presumably from Chicago, who were coming down here to have it out for a private purse and that a few selected ones could get in on the deal if they kept mighty quiet about it.

The scheme was engineered by Louis Heilbroner, George Brown and Mike Walsh, although the latter always denied having been in on the joke. Nobody thought of midnight of the 31st being April 1st, and the rush for tickets on the quiet was something terrific.

Of course, the more secrecy there was attached to it the more the news spread and the more anxious the sports were to see the mill. So that it would not leak out, the men privileged to go were kept in ignorance of where the mill was to be, being told that they would not be informed of the ground until 11:30.

George Ewing, the young millionaire, was one of the very few who were told where the fight was to be pulled off and he was one of the hardest workers in the push. He bought a hundred feet of rope for the ring and with a trusty friend went to the ice house to get the thing ready, himself wielding a heavy sledge, driving the stakes and cultivating an assortment of blisters on his hands that were sore for a month.

The police got an inkling of the scrap and had men posted all around and about midnight the sleuths got on to the fact that it was to be at the ice house and went out there, where they secreted themselves until the proper time to make the raid. Every hack in town was engaged and passengers got aboard in all parts of the city and went to the ice house by different routes, and the assemblage was one of the most notable ever gathered on the river bank—it was swell.

Heilbroner and Brown locked up their saloon, ostensibly to go to the fight, but in reality to go to bed, and it was lucky they did. When that howling mob got back after a two hours' wait they were quite primed up to do bloody murder. Brown put everything on to his partner and Heilbroner slipped out of town and remained in hiding for nearly a week before he ventured to come back, and there are a few who have not forgiven him to this day. It was the most successful April fool trick ever played in the city.

BUILDING SIDEWALKS WITHOUT A PERMIT

An Affidavit May be Filed Against Emmett Martin—City Hall News.

The board of works will meet tonight in regular session and will probably confirm the assessment roll for the opening of McLachlan street. No other business of importance has yet been booked. This morning and yesterday the board received a number of complaints from the Tenth ward alleging that Emmett Martin was building a sidewalk contrary to the grade and without the permission of the authorities. Chairman Eggemann and Member Doehrman visited the place this morning and found that Mr. Martin had taken it upon himself to construct sidewalks according to his own ideas contrary to the ordinances. The board cannot allow every property owner to make his improvements according to his own plans and in all cases permits must first be secured and the city engineer must give the grade. An affidavit will be filed against Mr. Martin, said Mr. Eggemann.

The finance committee will meet tonight.

Clerk Schmidt was today engaged in selecting and securing polling places for the city election in May. The voting precincts were established at the last regular council meeting.

WOUNDED IN A DUEL.

Paris, April 2.—The brother of Mdlle. Touret was wounded in the forearm yesterday in a duel fought with M. Marcel-Prevost, the novelist, at Nuilly.

Mdlle. Touret fired two shots from a revolver Monday at M. Prevost. Her brother later sent his seconds to M. Prevost.

The duel was carried out under circumstances of unusual secrecy. The meeting was at noon and only the principals, their seconds and the doctors, were present. M. Touret was the aggressor and kept M. Prevost on the defensive, but the latter's superior skill was soon manifested. During one of H. Touret's precipitate charges he was wounded in the forearm, but demanded that he be allowed to continue fighting. The doctors, however, peremptorily refused and the duelists left the field unreconciled.

THREE BALLOONISTS HURT.

Budapest, April 2.—Three balloonists, ex-Deputy Ordody, Lieutenant Kral and M. Kubik, a brother of the member of the diet of that name, were fatally injured in a balloon accident today. While the balloon was being inflated it suddenly broke away with the car containing the men named and Captain Tolnay, of the navy. M. Ordody fell out of the car to the roof of a factory. Lieutenant Kral punctured the balloon, which descended with great velocity, striking with such force that he and M. Kubik were horribly injured. Captain Tolnay was less seriously hurt.

ALL CITY EMPLOYES OUT.

Pittsburg, Pa., April 2.—Nearly 3,000 city employes yesterday lost their positions by the arbitrary ruling of Recorder William B. Hays, who just a week ago issued a circular dismissing every one on the city pay rolls. Yesterday quite a large number were re-appointed, but the shake-up is immense and the whole political complexion of the city hall is to be changed.

Mrs. J. W. Coblentz has returned from Cincinnati, where she underwent treatment in the Presbyterian hospital. Mrs. Coblentz is much improved in health.

at the powder magazine deliberately shot M. Stcherbina in the back, the bullet traversing the renal region and inflicting a serious wound. The sentry also fired at the consular military courier, but missed him. The other soldiers of the guard then hurried up and shot the Albanian sentinel, inflicting mortal wounds.

WOODMEN ACCUSE OFFICERS.

Clinton, Iowa, April 2.—Dishonesty among the officers of the Modern Woodmen of America was charged at the convention held here to select four delegates to the state camp to be held in Des Moines. The resolution adopted censured the "extravagant" administration of the present officials. The resolutions indorsed the candidacy of J. G. Johnson, of Peabody, Kas., as head counsel. The resolutions declare in favor of scaling the policies of new members, but are against readjustment. Among other things the resolutions declare "that we most emphatically condemn the reckless expenditure and extravagant use of money by the present head officers and demand that successors shall be elected to succeed them at Indianapolis who will economically, at least, administer the affairs and conduct the business of the order, and we further most emphatically condemn the extravagant use of the funds of the order in the last two years."

BARELY ESCAPES LYNCHING.

Windfall, Ind., April 2.—Considerable excitement in the Buckeye factory at Anderson almost resulted in the lynching of John M. McKinney, 35 years old, who fraudulently procured a marriage license from the clerk of this county and wedded Bessie Zingling, a 12-year-old orphan, whom he represented to be 23.

The father and mother of the girl died about a year ago, when she was placed in the orphans' home of Delaware county. Later the state board of charities placed her in the home of a farmer in Scott county. Last September McKinney took her from there to his home at Anderson. His wife died in March and the remains were scarcely interred before McKinney married the child and took her to his home at Anderson.

When the facts became known there his fellow employes talked of hanging him, but cooler heads prevailed and he was let off by fifty of the men handling him very roughly and exacting his promise immediately to leave the girl and the country.

The girl was then taken to the home of a neighbor and the board of charities notified. Later an attempt was made by the police to arrest McKinney, but he could not be found.

WAS SHOT IN THE BACK.

Constantinople, April 2.—Details of the attack on M. Stcherbina, the Russian consul at Mitrovitza, show that it was made by an Albanian soldier, one of whose relatives had been killed in the fighting at Mitrovitza. The consul, who was accompanied by a Turkish escort, was on his way to inspect the batteries which finally repulsed the Albanians who attacked Mitrovitza, when a sentry

NEGLECT ALWAYS DANGEROUS.

To the average man it seems childish to doctor a cold or sore throat, and unless it becomes particularly annoying to him, little or no attention is given it. Often a cold contracted in the winter is allowed to run until the opening of spring. This is a grave mistake, as even though the warm weather may bring relief, the system is thereby weakened and rendered susceptible to disease. A cold should never be neglected, whether it be a child or an adult who is afflicted, as health and often life is risked. A bottle of Chamberlain's Cough Remedy—small amount, will bring speedy relief and all dangerous consequences will be avoided.

$1.00—One Dollar Humour Cure—$1.00

Cuticura

SOAP, OINTMENT AND PILLS

Complete External and Internal Treatment of Every Humour from Pimples to Scrofula, from Infancy to Age, Price One Dollar.

Complete local and constitutional treatment for every humour of the skin, scalp and blood, with loss of hair, may now be had for one dollar. Bathe with hot water and Cuticura Soap to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and lastly, take the Cuticura Resolvent, to cool and cleanse the blood. This treatment affords instant relief, permits rest and sleep in the severest forms of Eczema, and other itching, burning and scaly humours, and points to a speedy, permanent and economical cure of torturing, disfiguring humours, from pimples to scrofula, from infancy to age, when all other remedies and the best physicians fail.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter and salt rheum,—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures of the civilized world.

Cuticura Remedies are sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), Ointment, 50c., Soap, 25c. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Boston, 137 Columbus Ave. Potter Drug & Chem. Corp., Sole Proprietors.

ALL ON FIRE

A FORT WAYNE CITIZEN TELLS HOW RELIEF CAME.

Ever have eczema?

Have any itching skin disease?

Itching almost drives you crazy; You feel "all on fire."

Doan's Ointment brings quick relief.

Cures eczema, itching piles,

And all itchiness of the skin.

Mrs. M. Hugnard, of 152 High street, says: "I used Doan's Ointment sold at Meyer Bros. & Co.'s drug store for many different things and I always found it to give a quick relief and soon effect a cure. I had something like the hives during the summer and could find nothing to help them. They itched so where the skin was affected that I could not keep my hands off. I applied Doan's Ointment; it quickly disappeared and had not returned. I also used this remedy on a very severe cut on my hand and the way it cured that cut was like magic."

PERFECT ASSIMILATION

Some people eat heartily, even ravenously, yet nothing seems to *"stick to their ribs"*. Others don't eat much, but assimilate all nutriment in the food and get fat. We have letters from people who say that

Dr. Caldwell's Syrup Pepsin

makes them fat. It doesn't. It simply gets their digestive organs in shape to take the nutriment out of the foods which they eat. It also acts as a gentle laxative and tonic. Please try it.

A. C. Jones, of Hortonville, Ind., writes: "I can say for Dr. Caldwell's Syrup Pepsin that it is one of the best medicines I ever have taken; in just sixty days after I began to take your medicine, I had gained 30 pounds in weight, felt like a new man and I can highly recommend it to any one who is troubled with Indigestion or Dyspepsia."

The Garnishee Law.

This much talked-of Garnishee Law may (if it becomes a law) do a great deal toward compelling delinquent debtors to pay at least a portion of their earnings on past due accounts. But an easier and by far more profitable method would be to know WHOM YOU MAY CREDIT and WHOM YOU MAY NOT CREDIT. By knowing these two very important things you will be enabled to extend credit to those who are worthy of your confidence, and at the same time to refuse those who by their past have proven themselves unworthy of confidence reposed in them. We have the credit experience of more than Two Hundred and Fifty Business and Professional Men of Fort Wayne. We have the Credit Ratings on over Twenty Thousand people who buy goods in Fort Wayne. Our information comes from every branch of business, and the accuracy of our Credit Experience Guide has challenged the admiration of the business interests of Fort Wayne and Allen County. One eighteen months' subscription will prove to the most skeptical that we can, and will, save him our subscription price many, many times over. We are now renewing our contracts for 1903 and 1904 and would be pleased to have your name on our List of Subscribers. HER HUSBAND DIED ON WILDERNESS FIELD

Mrs. Newman, of Goshen, Heard of It Forty Years Later —Strange Incident.

Goshen, Ind., April 2.—Capt. Jefferson Newman, company C, Seventh Wisconsin infantry, was wounded during the battle of the Wilderness, dying on the field. Early in February last, J. W. Berry, of Thomasville, Ga., a confederate soldier wounded in the same battle, made it known in a New York newspaper that while he was on the battlefield, he saw a dead federal captain, holding in his hand the photograph of a chubby baby, about two years old.

There was no name or address by which to be governed in tracing the relatives of the dead captain at this late date, but the publication caught the eye of General Ainsworth, chief of the record and pension office of the war department. The records showed that six infantry captains were killed in this engagement, and further examination showed that only the widow of one of them had made application for a pension because of herself and child. The other captains were without direct heirs. This was Mrs. Elizabeth M. Newman, who is now living with a daughter on a farm near Goshen. Mrs. Newman saw the publication reproduced in the Goshen press and is seeking further details.

FIRST DIRECT EVIDENCE.

This is the first direct evidence in her possession that her husband was killed in the battle, although the colonel of the regiment informed her that after Captain Newman was wounded he propped him up against a tree, and was compelled to leave because the northern troops were driven back. As they withdrew, Captain Newman shouted, "Go on, boys—I'm done for!" When the troops recovered the field the next day the body of Captain Newman was gone.

Mrs. Newman applied for a pension in 1865, since which time she has been drawing $20 a month as his widow. For twenty-two years she has lived with her daughter, Mrs. George O. Gridley, who was the chubby baby on whose picture the dying captain gazed when he was seen by the confederate soldier. A letter has been forwarded to Mr. Berry, making inquiries relative to the burial of Captain Newman.

The widow is much affected over the tidings of her dead husband after a lapse of forty years. She did not marry again, but has continued to grieve over his loss. She recently observed her sixty-eighth birthday. Her eldest daughter died twenty-three years ago. At the time of the battle of the Wilderness, she was the mother of two children, both girls, one eight and the other five. It was the picture of the younger which Captain Newman carried with him.

RELIEF UNION REPORT.

The Relief Union received the following donations during the month of March: Quilt patches from the Foster factory, a new machine for the work room from the King's Daughters of the Christian church and other friends, three packages of clothing from individual donors, bread for work room from the Vienna bakery.

Six families have received groceries, six clothing and two shoes.

Have had ninety-three women in the work room during the month, thirty-nine receiving groceries, four receiving shoes, four bed clothing and forty-seven clothing. Have had thirty-nine calls at the office, thirty-seven calls over the telephone and have made three calls.

ROOSEVELT HEARS OF FIGHT.

Washington, April 2.—At 3 o'clock yesterday morning the watchman inside the white house was sitting in his chair in the entrance corridor. A call bell rang violently. The watchman looked at the indicator and jumped two feet in the air. "Good heavens!" he exclaimed. "It's the president's room."

He rushed up stairs. The door to the president's room was ajar.

"Is anything the matter, Mr. President?" he asked excitedly.

"No," said the president, "but I wish you would call up one of the telegraph offices by 'phone and find out who won the fight at San Francisco."

Five minutes later the watchman came back and told the president that Young Corbett had won in eleven rounds.

"That's too bad," said the president, "too bad. I thought McGovern would win. Thank you very much. Good night."

WATTERSON DRUBS BRYAN.

Louisville, Ky., April 2.—Henry Watterson believes W. J. Bryan is seeking to injure any chances the democratic party may have for success unless the party conforms to his way of thinking. Mr. Watterson in an editorial says:

"Mr. Bryan speaks disdainfully of money. Money is as needful to political battle as powder and ball to real battles. Does Mr. Bryan think that Mr. Tilden was less a democrat because he was a rich man? That is the meaning of what he says. If a man be not a pauper he is a republican.

"In Mr. Bryan's vocabulary democracy and defeat are synonymous terms. The moment a democrat looks like a winner Mr. Bryan begins to hate and abuse him. The boys are mighty tired of it. They are hungry and thirsty. They can see nothing in what Mr. Bryan is driving at but continued dissension, hopeless division and certain defeat.

"If Mr. Bryan has his way it is another drubbing in 1904. If he does not get it he means to bolt. After he has done this both wings of the party will stand even and then they may get together. Before that, however, some of us will be dead."

TO BUY VOTING MACHINES.

Indianapolis, April 2.—At a called session of the Marion county council yesterday $10,000 was appropriated for the purchase of voting machines, to be used in this city and county. At a previous session of the county council $2,000 was appropriated for the purpose of experimenting with voting machines, but that amount was insufficient. The appropriation yesterday gives the commissioners $12,000 with which to work. If machines are purchased outright that amount will probably buy twenty machines. When the ordinance was presented to the county council yesterday Charles Rockwood, member of the council, objected to the appropriation, on the ground that it would be unwise to expend money when the voting machine is yet in a crude state.

MANY MOTHERS OF A LIKE OPINION.

Mrs. Pilmer, of Cordova, Iowa, says: "One of my children was subject to croup of a severe type, and the giving of Chamberlain's Cough Remedy promptly always brought relief. Many mothers in this neighborhood think the same as I do about this remedy and want no other kind for their children." No one who uses this remedy and becomes acquainted with its good qualities will consider the matter of using any other preparation, no matter how much may be claimed for it. The quick relief afforded by Chamberlain's Cough Remedy, the fact that it contains no injurious substance, that it is perfectly safe to give to small children, and to convince any mother that no other that it is pleasant to take, is enough should be considered.

PAINFUL PERIODS

are overcome by Lydia E. Pinkham's Vegetable Compound.

Miss Menard cured after doctors failed to help her.

"Lydia E. Pinkham's Vegetable Compound cured me after doctors had failed, and I want other girls to know about it. During menstruation I suffered most intense pain low in the abdomen and in my limbs. At other times I had a heavy, depressed feeling which made my work seem twice as hard, and I grew pale and thin. The medicine the doctor gave me did not do me one bit of good, and I was thoroughly discouraged. The doctor wanted me to stop work, but, of course, I could not do that. I finally began to take Lydia E. Pinkham's Vegetable Compound and felt better after taking the first bottle, and after taking six bottles I was entirely cured, and am now in perfect health, and I am so grateful for it."—Miss GEORGIE MENARD, 537 E. 152nd St., New York City.—

A TRAINED NURSE SPEAKS OUT.

Trained nurses as a rule are a fine lot of women, and if they were men would make magnificent soldiers. They are trained to obey to the minutest detail, and it is seldom one can be got to express an opinion on any remedy, being content to carry out the physician's orders. Speaking on the subject one of the best known nurses of Pittsburg, Pa., said: "I only recall one case where I felt called upon to speak right out and tell the doctors what I thought. I had been called in to attend an old lady suffering with chronic constipation and whose enfeebled condition precluded the use of cascara, rhubarb, licorice or other powerful purgatives. The doctors were giving the patient large doses of olive oil without any appreciable result. I insisted upon Red Raven Splits, knowing that as a laxative, though mild, it was exceedingly sure. To my delight the doctors, after consultation, prescribed a bottle every morning for three mornings. A prompt change came over the patient and in a few days she was relieved. This is the only experience I ever had with Red Raven Splits in a critical illness, but in a number of mild attacks of constipation, torpid liver, headache and biliousness, I have known them to bring quick relief."

All drug stores and bars keep Red Raven Splits—a sparkling mineral water in half-pint bottles. Price, 15c.

Something Extraordinary. 6

Since Sept., 1890 our daughter had spells of unconsciousness, sometimes [illegible] times a day and sometimes as high as [illegible] times. She was very cross and irritable, lost her red cheeks, became thin in flesh, and her mind gradually failed. An eminent specialist treated her nearly one year without any effect. Instead of improving, she became worse, then we tried Pastor Koenig's Nerve Tonic. In a few weeks she showed improvement and since March, 1893, has not had a symptom of the disease, is now in good health and flesh, and completely herself again. There is something extraordinary about Pastor Koenig's Nerve Tonic to effect such a wonderful cure of such a tenacious disease.

SUDDEN DEATH WAS DUE TO HEART CLOT

Mrs. Frederick Stahl Expired Wednesday Evening—Other Mortuary Matters.

Mrs. Katherine Stahl, wife of Frederick Stahl, and for more than thirty years a resident of Fort Wayne, died very suddenly at 7 o'clock Wednesday evning at her home, 507 Masterson avenue.

Mrs. Stahl had been in poor health for some months, but her condition was not believed to be alarming. Wednesday she had been confined to her bed the greater part of the day, apparently suffering from a cold and during the latter part of the afternoon began declining rapidly, terminating in her death at the hour given. During the day Mrs. Stahl had taken about half the contents of a bottle of cough remedy, and members of the family were inclined to the belief that this might have been responsible for her death. Dr. W. W. Barnett, the coroner, was called, and held an autopsy this morning. It established the fact that Mrs. Stahl's death had been due to pneumonia and ante-mortem heart clot.

Mrs. Stahl was 63 years of age. She was born November 23, 1839, in Hohenhaslach, Wuertemberg, Germany, and was united in marriage to Mr. Stahl in 1862. Together they emigrated to America, landing May 28, 1868, and since that time had been continuously a resident of this city. She was a most estimable woman and very widely known. The surviving family includes the husband and four children—W. G. Stahl, the letter carrier; Frederick J. Stahl, of Cincinnati; Charles F. Stahl, a railway mail clerk at Chicago, and Mrs. George Kraus, of this city. There are also four sisters and a brother.

THIEBOLD.

Christian Thiebold, a pioneer resident of Fort Wayne, died at 4 o'clock Wednesday afternoon at the home of his daughter, Mrs. Louis Souser, 1229 Wells street, at the advanced age of 88 years. Death was due to the infirmities of age.

Mr. Thiebold came to Fort Wayne nearly sixty years ago, and for a period of twenty years was employed at the shops of the Lake Erie and Western railroad. He retired from active labors about fifteen years ago. Mr. Thiebold was a native of Alsace, Germany. Surviving are two daughters, Mrs. Souser, with whom he made his home, and Mrs. George Ross, of New York.

Baseball Gossip.

The Wheeling Intellingencer in a lengthy article undertakes to rip President Mautner up the back, saying that he stated that his objection to getting a majority of his games at home after July 4, was owing to his intention to drop out of the league right after that date. It also stated that he had failed to post his forfeit and that President Bement had stated that unless he did so shortly he would be expelled from the league. There is not a word of truth

PITCHER HARRY TEAL,

Of Sycamore, Ohio, who has been signed by President Mautner.

in the Intellingencer's story. Mr. Mautner never said and never intended to drop out of the league at any time and the forfeit story is equally ridiculous. The date set for posting forfeits was yesterday, April first, and Mr. Mautner posted his according to arrangement. The Fort Wayne team has got the worst of it as it is, without being charged with other silly stuff that has no foundation in fact.

It looks very much as though Evansville is going to be in the game for keeps this year and the fans down there are certainly enthusiastic enough for all purposes. Yesterday the Central league team played the Chicago White Sox before a crowd of 2,000 people. The Central leaguers were defeated by a score of 8 to 4, but put up a good game with the stick getting a home run, a triple and a double of Patterson and Flaherty. The Chicagos played an errorless game, while the Evansville team did some loose fielding, scoring a total of six errors.

The Washington American team defeated the Philadelphia Nationals yesterday by a score of 8 to 4. This illustrates the value of training with a copper. Philadelphia has been training in the south very industriously for a month, while Washington stayed at home. The fielding of Washington was faultless and at times phenomenal and the hitting was terrific.

The American association schedule was given out yesterday. The season will open April 22 and will close September 21.

The Owl base ball club, a team composed of the best non-professional talent in Marion, has booked a game with the Fort Wayne leaguers on the 11th. A contingent of fans from the neighboring city will be up to get a line on the local club.

The New York American grounds are the largest in the country, measuring 780 by 620 feet. To knock a ball over the fence there will take some batting on the progressive-pedro order.

Tickets for the Linden Quartette Concert at the Wayne Street Church are on sale at Woodworth's Drug Store. 30t4

A Story Worth Telling

We never tire of telling the story of **Uneeda Biscuit.** We do not believe that lovers of good, wholesome food ever tire reading it.

Uneeda Biscuit are the result of two ideas. That soda crackers could be made better than they had ever been made before. That it was possible to convey them to the home fresh, crisp and clean.

The importance of the soda cracker as an article of daily consumption, made this worthy of extraordinary effort. True, many people laughed at the idea of so much thought—time—labor—capital, being devoted to a soda cracker. But the greatest industries of the greatest country in the world have been developed from smaller things than a soda cracker, and so it seemed worth while to make the best soda cracker that could be made and to place it on the table as good as it had been made.

To do the first required the selection of the best materials, of the best equipment, the highest skill. To do the second upset all traditions. The oldest bakers said there was no way to keep a soda cracker good. That no one expected it any way. That people were satisfied to eat them stale, as they had been in the habit of doing. And so it fell to the lot of younger minds to do this unheard of thing—to keep a soda cracker good until eaten.

The result was the creation of the In-er-seal Package with red and white seal. An invention that kept out the air, moisture, dust germs, that first retained the natural flavor of the biscuit, keeping it crisp and fresh until it reached the table, and so **Uneeda Biscuit** became a reality. The little thing that seemed hardly worth while became a great thing that seemed hardly possible.

To-day over 300,000,000 packages have been consumed by the thoughtful people of this country and the demand is ever increasing.

That is the story of **Uneeda Biscuit.** Some day we will tell it over again for the benefit of those who are still "satisfied" with the stale and broken crackers that come in a paper bag, when they can get **Uneeda Biscuit** whole, fresh, and clean.

Specialist Failed to Help.

Dr. Miles' Anti-Pain Pills Cured Me.

"After treating me for five weeks for sciatic rheumatism, a St. Louis specialist confessed that he could do nothing for me and I came home as badly crippled as when I went away. Shortly after that I began to take Dr. Miles' Anti-Pain Pills and Blood Purifier. I commenced their use at once, and in less than thirty days was virtually a new man. I carry the Pain Pills with me always, and find them a never-failing cure for headache or other pains."—J. R. MILLER, Thompsonville, Ill.

"No railroad man should attempt to make a trip without a few of Dr. Miles' Anti-Pain Pills in his grip. For indigestion, nervousness, sleeplessness or any pain or irregularity, they cannot be beat."—Conductor H. C. TEVINING, Wilmington, N. C.

"My trouble was inflammation of the ovaries, and for five years I suffered untold pain. After taking two or three boxes of Dr. Miles' Anti-Pain Pills, I felt I was cured, but always keep them on hand, for they relieve many other aches and pains."—MRS. PHILIP S. DOANE, Worcester, Mass.

"Dr. Miles' Anti-Pain Pills are the best remedy for car-sickness on the market. On an excursion train recently I gave away a whole box of them to sufferers from car-sickness, and in every case they gave immediate relief. I always keep them in my pocket."—H. D. SANFORD, Pipestone, Minn.

HAD A JAG AND BIG STOCK OF CUTLERY

Mr. Herman Wanted to Swap the Knives for More Jag —The Police News.

Two drunks and two petit larceny cases was the result of police vigilance yesterday and last night. Yesterday afternoon Henry Herman stuffed himself with bad whisky and butcher knives and late in the afternoon he was run in. The whisky was not in sight, but three vicious looking butcher knives were and these the cheerful sosh was offering for sale so as to get money to stock up with some more jag. He was mulcted for $1 and costs, which he offered to compromise by paying the fine and throwing off the costs. It wouldn't work and he was sent over for 11 days.

Charles Murray, a tall, elder looking man wearing a pair of crutches, was also charged with tampering with the jar to an unreasonable extent. He pleaded guilty to being drunk, but said he had done no harm. He said he didn't live anywhere in particular and was at home wherever he took off his hat. The judge said he could take off his hat at the county jail for the next 11 days and he too went over.

TOOK SCRAPS OF LUMBER.

Charles B. Keller and William H. Miller, two young married men living on Pontiac street, were charged with taking and carrying away lumber to the value of $10, the property of Frederick Kaiser, the contractor living on Maud street. In pleading guilty the two men, with apparent truthfulness, said that they had picked up pieces of board and other bits of lumber from one to three feet in length and had carried it home to be used for kindling, not having any gas in their houses. They earnestly protested that they meant no harm, did not think they were committing any offense and took it simply because they thought it was valueless to the owner and had been lying about the premises for a long time. Both are employed at the Pennsylvania round house and neither had ever been in trouble before and bore good reputations. Under their plea the judge said he would have to assess a fine of $10 in each case. The men sent for friends to stay the docket.

POLICE NOTES.

The remaining case against H. P. O'Reilley will be disposed of on Saturday, having been taken under advisement by Judge Dreibelbiss.

W. D. Williams, of 1721 Wabash avenue, reported that a team of horses is missing from his barn. They disappeared last night and he does not know whether they were taken or whether mischievous boys had simply turned the horses out to cause annoyance.

A couple of young men engaged in a fight at the corner of Main and Calhoun street last night, but ran away upon the approach of an officer. In his flight one of them dropped his hat, which he can have by calling at the police station.

Flower thieves are already reported in various parts of the city.

SCIENTISTS IN SESSION.

Philadelphia, April 2.—Prominent scientists from nearly every section of the country were present today at the opening session of the annual meeting of the American Philosophical society. The meeting will continue until Saturday and about thirty-six papers will be read covering almost every phase of scientific research. These papers were read this morning:

"The Structure of Corn Grain and Its Relation to Popping," Prof. Henry Kreamer; "Beaver County (Pa.) Orchids," by Ira Franklin Mansfield, of Beaver; "The Forward Movement in Plant Breeding," by Prof. L. H. Bailey, of Ithaca, N. Y.; "Development of the English Alphabet," by Prof. Francis A. March, of Easton, Pa.; "Archaeology and Mineralogy," by Prof. Paul Haupt, of Baltimore; "The Activity of Mont Pelee," by Prof. Angelo Heilprin, and "Reaction as an Agent in Securing Navigable Depths in River and Harbor Improvements," by Prof. Lewis M. Haupt.

GETS HEAVYWEIGHT FIGHT.

San Francisco, April 2.—The Yosemite club, of this city, has been awarded the heavyweight championship battle between James J. Jeffries and James J. Corbett in a competitive bidding affair that hardly developed a contest. The bout will be held the latter part of August and the club will either guarantee the fighters $20,000 in cash or allow them to take 70 per cent of the gross receipts, but not both. On or before May 15 the principals will make the selection and arrange such other details as may suggest themselves in the meantime.

HURT IN COLLEGE BATTLE.

Effingham, Ill., April 2.—In a college fight yesterday between students of the Illinois College of Photography and of Austin college several students last night were injured. Austin students last night went to the campus of the photography school and took a large cannon. The pupils of the College of Photography held an indignation meeting this morning and issued an ultimatum to the Austin pupils, ordering them to return the cannon by 2 o'clock today. The cannon was not returned. At the set hour the photography students, led by girls, went in a body to Austin college and demanded the cannon. The injured:

R. A. Jones, Lafontaine, Kas.; Everard Johnson, Patchogue, La.; Harvey Shoemaker, Cairo, Ill.; Walter Udell, Brockton, Mass.; R. J. Spencer, Crab Orchard, Neb.; Bobby Williams, Coudersport, Pa.; John Rinehart, Effingham, Ill.; Billy Morgan, Sault Ste. Marie, Mich., all of the photography college.

ASK OFFICERS TO RESIGN.

Seattle, Wash., April 2.—"For the public good we recommend that Mayor Humes and Chief of Police Sullivan resign their offices. We also are of the opinion that a majority of the aldermen also could best serve the interests of the community by doing likewise." This was the burden of the report submitted yesterday to Judge Bell by the grand jury. Although a difference of opinion existed regarding many recommendations, the suggestion affecting the city officials was unanimous. In both the majority and minority reports submitted by the jurors the same recommendations were offered. The report has caused much excitement throughout Seattle. Neither Mayor Humes nor Chief Sullivan will discuss the matter and what action on the report will be taken remains to be seen. It is probable that nothing will come of the criticism.

DEFEAT FRENCH IN BATTLE.

Algiers, April 2—News has arrived of an attack by a body of 150 Oulad Djerit tribesmen on a French convoy, escorted by detachments of Algerian light infantry, the foreign legion and shahis, at the village of Ksar-El-Azous, southern Algeria. The fighting lasted eight hours with varying fortune. The French troops exhausted their cartridges and then fought a hand-to-hand encounter. Finally the tribesmen were victorious. The French had nine killed, thirteen wounded, including an officer, and two missing. The tribesmen suffered heavily, carrying away their dead and wounded on forty camels which they captured from the French convoy.

DIAMOND ROBBER IS HELD.

New York, April 2.—William White, alias Devlin, is held to await extradition papers from Rhode Island on a charge of diamond robbery in Providence. Police Inspector McClusky says that White has committed many diamond robberies; that it is alleged that in 1895 he stole a tray of diamonds valued at $6,000 in Washington, for which he was never apprehended; that he served three years in Pennsylvania for the theft of $6,000 of diamonds; that he is wanted in Pittsburg and Chicago for diamond robberies, in the latter city to the value of $8,000. White said that he was soon to have sailed for Europe.

AWARD GOES INTO EFFECT.

Philadelphia, Pa., April 2.—The award of the anthracite coal strike commission went into full effect today throughout the anthracite coal region. The inauguration of the new conditions was generally observed as a holiday in the southern fields. Parades and mass meetings were held in the middle and upper regions, and some of the collieries were not operated, but most of the mine workers reported for duty. The readjustment of hours and other conditions was effected with but little difficulty. At some places there was friction, but this will be straightened out in a few days.

DR. HICKMAN APPOINTED.

South Bend, Ind., April 2.—Rev. Dr. William H. Hickman, who recently resigned the chancellorship of Depauw university, has been chosen as successor to the late Clem Studebaker, of this city, as president of the New York Chautauqua association, and will take his new position in June. Dr. Hickman was president of the Clarke university at Atlanta, Ga., for fifteen years and is a member of the board of trustees controlling all southern educational societies, schools and colleges.

P. J. M'DONALD QUITS WATERWORKS OFFICE

Had Been Clerk of the Board Eighteen Years—Is Now a Financier.

As a lightning change artist, P. J. McDonald certainly takes the bun and ranks as a premier among all the quick change professionals on the stage. Last evening he was the clerk of the waterworks board, attended the meeting and wrote the minutes, finishing at about 10 o'clock; this morning at 7:30 he unlocked the doors of the People's Trust company's quarters and blossomed out as a full fledged financier as secretary of the new concern. Mr. McDonald was made clerk of the waterworks board in January, 1885, and served continuously in that capacity for eighteen years and three months, and as he proudly asserts, never missed a pay day. He yesterday completed the waterworks report for March and as stated, last night took the minutes of the meeting of the board. During the interim in last night's session he wrote his resignation to take effect at once, and as he handed it to the board said that he didn't often take those spells, not oftener than about once in twenty years. The board accepted the resignation with many expressions of regret that their business relations should be severed after so many years of association. Of course Mr. McDonald's resignation was far from being a surprise, April 1st having been set as the time for his relinquishment of the office some months ago. The board then appointed Joseph Biemer to succeed Mr. McDonald. Mr. Biemer has been chief deputy for nine years and is thoroughly acquainted with all the duties of the office and his appointment will give the best satisfaction.

HITS AMERICAN MEAT.

Berlin, April 2.—The last provisions of the meat inspection law of June 3, 1900, went into effect quietly yesterday at the ports and throughout the empire. This most far-reaching and sumptuary measure was put in operation piecemeal, by occasional decrees, because of the ministry of the interior having to create the inspection machinery. Section 12, referring to canned meats and sausages, which became effective Sept. 1, 1901, further reduced American imports in that line, but boracic cured beef had been coming in until March, though of late somewhat less than two hundred tons per month roughly valued at $70,000 were imported from America. The exporters will endeavor to cure beef without borax and thus comply with the German law, which as it now appears by no means destroys the American meat trade here, and it is not improbable that the total American meat imports this year will equal those of 1901, when the total valuation was about $6,000,000. Owing to the high prices and insufficient home supplies more than three-quarters of the imports of American meats are preserved.

TO BUILD ROAD IN MEXICO.

San Francisco, April 2.—E. H. Harriman is to get a valuable land and cash concession from President Diaz, of Mexico, on condition that he build a railroad in Lower California that shall extend its entire distance north and south and have a connection with the main line of the Southern Pacific in California, says the Examiner.

A company will be shortly incorporated in Mexico to build the proposed line. The portion of the new road in this state will be known as the Gulf and Imperial company. The latter is already building a road from Old Beach, a station on the Southern Pacific main line in the Colorado desert south of the Colorado river, a distance of forty miles. Twenty-eight miles of this line is now completed. The remainder of the distance to the river is surveyed and a preliminary survey through most of Lower California has been made.

BUILDING PERMITS.

The following building permits have been issued: Frank Gebert, house, Lake avenue, $1,200; Louis Schefman, addition, $700; Thomas A. King, house, Brandriff street, $1,100; Peter Nerges, Laselle street, addition, $500; J. M. Keyser, Fisher street, house, $1,200; Frederick Rodemeyer, East Washington street, house, $1,300; Henry Ginther, Maumee avenue, addition, $400; W. T. Boseker, Swinney avenue, house, $1,600; W. H. Boeger, Laselle street, house, $1,000.

EVIDENCES OF DISASTER.

Victoria, B. C., April 2.—Further evidence of disaster having befallen one of the lumber carriers from Puget Sound was received from the ships Bahane and Invermark, which arrived yesterday, the former from Liverpool and the latter from Callao. A quantity of wreckage was sighted drifting southwest of Cape Flattery. No clue could be obtained as to what vessel the wreckage is from, but it is generally supposed that the ship Ancona is the one which has been in trouble.

LABOR UNIONS ARE TRUSTS.

Austin, Texas, April 2.—According to the new antitrust law, signed yesterday by Governor Lanham, labor unions are trusts and can be prosecuted as such. The law went into effect as soon as the governor's signature was attached to it.

It is the most sweeping piece of legislation in regard to combinations and monopolies in the history of the state, and differs radically from all former laws on the subject. Every kind of combination can be proceeded against under the act.

The labor leaders of the state recognize the fact that the new act would render unions amenable as trusts, and they made a tremendous effort to prevent the inclusion of a phrase under which the unions could be prosecuted. Great pressure was brought to bear on the legislature, but all efforts to have the clause regarding labor unions stricken out were unavailing.

WHAT HIS WIFE SAYS.

"My wife says, 'nothing will do but Chamberlain's Cough Remedy,'" says H. W. Dockman, publisher of the Gazette, Lindsay, Cal. There is many another good wife of the same opinion. The quick relief which this remedy affords in cases of coughs, colds and croup, and the fact that it is pleasant and safe to take makes it a favorite everywhere.

Miss Louise Humphrey has gone to Toledo to join her father and mother, who have removed to that city.

SAVES TWO FROM DEATH.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and $1.00 bottles guaranteed by Dreier & Bro. Trial bottles free.

W. L. Bliss, president of the Electric Car Lighting company, of New York, is in the city on business.

DREADFUL ATTACK OF WHOOPING COUGH.

Mrs. Ellen Harlison, of 300 Park ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor, who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Sold by Dreier & Bro.

Mr. and Mrs. Henry C. Paul entertained a small party at dinner last evening, the guests of honor being Hon. James Murdock and Charles Murdock, of Lafayette; J. Levering Jones and Bayard Henry, of Philadelphia, and Arthur Brady, of Muncie. Seidel served.

GOOD FOR CHILDREN.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe, because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure, life-giving and life-sustaining oxygen to the blood and tissues. Meyer Bros. & Co.

Baby Mine

Every mother feels a great dread of the pain and danger attendant upon the most critical period of her life. Becoming a mother should be a source of joy to all, but the suffering and danger incident to the ordeal makes its anticipation one of misery. **Mother's Friend** is the only remedy which relieves women of the great pain and danger of maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of **Mother's Friend.** "It is worth its weight in gold," says many who have used it. $1.00 per bottle at drug stores. THE MARKETS

Chicago, April 2.—Opening prices in wheat were steady on firm cables, May being unchanged to a shade higher, at 73⅛@73¼c to 73¼c. Later the buying became quite active, influenced largely by the small stocks in the northwest, May advancing to 73¾@73⅞c. Minneapolis and Duluth reported receipts of 221 cars, which, with local receipts of 24 cars—none of contract grade—made total receipts for the three points of 245 cars, against 266 cars last week and 224 cars a year ago.

The market was strong the latter part of the session, due to a good export demand and to bullish foreign advices, and after selling up to 74⅜c, May, closed 1@1⅛c higher, at 74¼c.

Trading in corn was quiet and featureless. The opening was firm on steady cables, with May a shade to ⅛c higher, at 43@43⅛c to 43⅛c. The strength in wheat was a bull factor and caused an advance to 43⅜c, where the market steadied. Receipts were 128 cars.

The close was firm, with May ¼c higher, at 43¼c.

A bullish sentiment pervaded the oats pit, with commission houses active buyers. Opening prices were easy, with May unchanged, at 33⅞c. The firmness in other grains had a strengthening influence and May soon sold up to 34⅛c. Local receipts were small, at 97 cars.

Provisions opened steady in sympathy with a firm hog market, May pork being 2½c lower, at $17.90, with lard unchanged at $9.97½, and ribs 5c higher, at $9.75. The volume of trade was light, but the market continued firm on scattered demand.

The Close.

The Day on Wall Street.

New York, April 2.—Lower prices for Americans in London foreshadowed the opening decline here. Dealings were of only nominal proportions and the declines were restricted to small fractions except for a fall of ⅝ in Reading, ¾ in Amalgamated and a point in Canada Southern. The ticker came to a standstill five minutes after the opening.

Room sentiment favored still lower prices when liquidation on a large scale began in Colorado Fuel and Western Union. These stocks scored losses of 3½ to 2⅝ respectively. Bear operators offered down Pennsylvania, the coalers, Pacifics and Gould stocks. Amalgamated, Sugar, Rubber Goods, Ice preferred, American Cable, Canadian Pacific, Missouri Pacific, Southern Pacific, Illinois Central, Pennsylvania, Wabash preferred, Minneapolis, St. Paul and Sault Ste Marie lost 1 to 1½. Blocks of 2,000 and 3,000 shares of Pennsylvania were unloaded, which had a depressing influence on the general market.

There were slight recoveries here and there and then prices fell back easily to about the lowest. Losses were extended to 1@1⅞ in Union Pacific, Atchison, St. Paul, New York Central, Wheeling and Lake Erie, the first preferred, Baltimore and Ohio, Tennessee Coal and Metropolitan Street railway. Texas and Pacific land trust certificates advanced 3.

Bonds wer weak at noon. Peoria and Eastern incomes dropped 5 on one sale.

Bear traders made no effort to press their advantage beyond the noon low level, but the market nevertheless hung back. Colorado Fuel, Western Union and the principal railroad stocks hugged the low point closely, but were neglected. Baltimore and Ohio preferred dropped 1¾. Northwestern 2 and Anaconda 4 points.

Wide and frequent price fluctuations in Colorado Fuel had an unsettling effect. It broke to 56¼, a loss of 5¼, rallied to 58 and then moved feverishly. St. Paul and Pennsylvania fell to the lowest of the day and what little rallies had been made elsewhere were wiped out. Railway Investment preferred advanced 1, and Detroit United Railway 1⅞. Virginia Iron and Coal lost 2¾.

The market dragged along the bottom level, with an occasional stock dipping a fraction lower than before. Brooklyn Transit and Virginia-Carolina Chemical touched a level one point under last night, North American 1½ and American Steel Foundry 1¾. Pullman dropped 8 points. The trading was intensely dull. Brooklyn Transit rallied to ½ over last night, but the closing was dull and easy and generally near the lowest.

New York Produce Market.

New York, April 2.—Butter—Receipts, 4,657 packages; market firm; state dairy, 17@27c; extra creamery, 29c; held creamery, 15@24c; creamery, common to choice, 19@28½c.

Cheese—Receipts, 573 packages; market firm; fancy small colored, fall made, 15c; do. white, 14¾c; large colored, fall made, 14½@14¾c; do. white, 14¼@14½c.

Eggs—Receipts, 23,928 packages; market firm; state and Pennsylvania, 14⅞@15¼c; western, 14¾c; southern, 14½c; Kentucky, 14½@14¾c.

Sugar—Raw, market nominal; fair refining, 3 3-16c; centrifugal, 96 test, 3 19-32c; molasses sugar, 2 15-16c; refined, market unsettled; crushed, $5.30; powdered, $4.80; granulated, $4.70.

CITY BREVITIES.

Frank Reed, of Auburn, is the guest of friends on South Hanna street.

Miss Maud Wenger has gone to Columbia City to attend the wedding of Miss Nellie Aker.

Born to Mr. and Mrs. E. A. Barnes—a daughter. Mr. Barnes is superintendent of the Fort Wayne Electric works.

Mrs. E. E. Hite and son have returned home after a month's visit with friends and relatives in Lancaster, Ohio.

Mrs. Pierre Feager and Mrs. Stamets, of Auburn, were guests of W. O. Stamets and family, of 1217 Thayer street, yesterday.

Major and Mrs. A. L. Kuhlman and daughter, of Auburn, have been the guests for a few days of J. B. Olinger and family, of East Pontiac street.

Miss Emma Everett entertained a number of girl bachelor friends last evening in honor of two of the party who will shortly become matrons.

Mrs. G. H. Grimm and Miss Jessie Grimm, of Alliance, Ohio, have returned home after a few days' visit with Mrs. J. B. Olinger, of East Pontiac street.

Miss Florence Bricker, of 1911 Oliver street, was pleasantly surprised a few evening ago by a party of friends in celebration of her birthday anniversary.

Mrs. M. A. Tower, Mrs. A. L. Johnson, Mrs. A. W. Heit and Mrs. Enoch Cox will entertain the South Side Aid society Saturday evening at the home of Mrs. Tower, Woodlawn avenue and Webster streets.

The second concert given this year by Miss Rose B. Johnson's class in music in Conservatory hall, Tuesday evening, reflects much credit upon pupils and teachers. A large audience listened to the program and applauded each number heartily.

BUYS GARRETT DRUG STORE.

Edward L. Garrett, who has for several years conducted the drug store at Clinton and Berry streets, this morning sold the establishment to Emil W. Weihe. The consideration was something like $6,000, and the new proprietor is now in possession. Mr. Weihe is very well and favorably known in Fort Wayne. He was for twelve years connected with the Meyer Bros. drug store, but for the past two years has been a chemist for the Fort Wayne Drug company. Mr. Garrett has several propositions in view, but has not yet determined upon his future. He will probably remain in Fort Wayne, however.

C. H. & D. OFFICIALS VISIT FORT WAYNE

Here to Decide Upon Character of Improvements to be Made in 1903.

MR. SANFORD RESIGNS

Succeeded in the M. W. Department by J. A. McGrew of Logansport.

A party of Cincinnati, Hamilton and Dayton officials arrived in the city this afternoon on a special train, and will remain here until tomorrow morning. Their mission is the spring inspection and to plan and estimate the cost of some important improvements that are to be made on this branch of the system the coming summer. In the party are General Manager C. G. Walda, General Superintendent R. B. Turner and Division Superintendent F. B. Floeter. Since the Cincinnati, Hamilton and Dayton assumed control of the Findlay, Fort Wayne and Western, the business of the line has increased 75 per cent.

Grand Officer Coming.

A letter from Mrs. T. R. Dodge to one of the members of Loyal lodge, Ladies' Auxiliary to the B. R. T., brought the welcome information that Mr. and Mrs. Dodge would arrive in the city April 13 and that they would attend the annual ball of the brotherhood on that evening. Mr. Dodge is the second vice grand master of the Brotherhood of Railway Trainmen and in that capacity has been a frequent visitor in Fort Wayne. On these trips he is sometimes accompanied by Mrs. Dodge, who also has quite an acquaintance here. The management of the ball say it will be the best in every sense of the word, the local brotherhood ever gave. Up to date over 700 tickets have been sold and it is fair to presume that as many more will be sold in the ten days that intervenes. The hall will be held at the rink and there will be plenty of room, even if double that number is sold. At the meeting of the local lodge next Sunday morning a big class will be admitted to membership.

Wabash Lets Big Contract.

Pittsburg, Pa., April 2.—President T. J. Blair, of the Little Kanawha railroad, a part of the Wabash system, has let the contract for building fifty miles of railroad between Zanesville, Ohio, and Parkersburg, W. Va. The line will connect there with the Little Kanawha. It is part of the lines that will join the Wabash roads in Ohio with those it owns in West Virginia. The contract was let to McArthur Bros., of Philadelphia, and the work involved, although big, is to be completed within a year. Three tunnels are included in the new line, one of them being 1,800 feet in length.

Re-elected Old Board.

The Grand Rapids and Indiana company held its annual election at the offices in Grand Rapids yesterday morning and re-elected Directors James McCrea, Joseph Wood, J. J. Turner, H. Darlington and E. B. Taylor, of Pittsburg, and W. R. Shelby and H. J. Hollister, of Grand Rapids. Present at the meeting of the shareholders were W. R. Shelby, J. H. P. Hughart, Henry Sullivan, R. R. Metheany and Charles Conniey. The election of officers was deferred until the new board shall organize, but it is stated the old officers will be re-elected as follows: President, James McCrea; vice president and treasurer, W. R. Shelby; secretary, R. R. Metheany. President McCrea, who is also at the head of the Pennsylvania lines west of Pittsburg, although not present at the annual meeting, will go to Grand Rapids shortly for his annual trip of inspection over the Grand Rapids and Indiana lines. He will then probably be accompanied by other officials of the Grand Rapids and Indiana from the east. The company contemplates a number of extensive improvements, many of which have not yet been given out and those will probably hang fire until the president's arrival and personal inspection determines the course in reference to them.

The stockholders of the Cincinnati, Richmond and Fort Wayne road held an election of a board of directors this afternoon, the election being in the offices in Richmond. No change was made in the directorate. In a week or two the directors will meet and elect the officers. No change is expected to occur.

Temporary Store House.

This evening carpenters will finish a 24x70-foot frame building, which will serve as a store house at the east car shops of the Pennsylvania until a better one can be erected. This building is located a short distance south of the ruins of the old store house. In each wall are rows of old passenger car and caboose windows, which admit plenty of light, while racks and shelves for holding car supplies run longitudinally through the center, across the ends and down the side wall, beneath the windows. Tomorrow the building will be turned over to Storekeeper H. O. Thompson, who will soon fill it with supplies. Gangs of men are at work in cleaning out the debris at the ruins and assorting the iron and steel portions. Much of this, particularly some kinds of bolts, nuts, screws and nails, are not badly damaged and it will be saved to be used in building cars. When the stalls of the burned building have been cleaned out and their tracks repaired, car building and repairing will be resumed there, but the workmen will not be sheltered from sun and rain. It is proposed to erect a sixteen-stall car shop for temporary purposes at the big crane, southeast of the old shops a short distance. In the meantime the officials, who are supposed to have the matter under consideration, will decide the character of the permanent buildings that are to take the place of those destroyed. That orders have not been given to rebuild on the plan of the old shop is taken by some people to mean that the company is contemplating an important change in the plans, and a man who lives out that way and is interested in the matter, said he hoped the plans would contemplate the removal of the entire car plant, including the planing mills, the car machine shop and that portion of the blacksmith shop which is engaged in making car supplies, to the east end and the erection of buildings accordingly. If such an improvement is contemplated, there is nothing on the surface to indicate it, yet it may be the case. Plans were made, approved and the money appropriated for the additions to the locomotive shop and the new round house and coal docks before the public knew of it, and it is not likely that the officials will talk in advance if such a proposition concerning the car shops is under consideration.

Transfer of Engineers.

Official notice of the resignation of A. H. Sanford as engineer of maintenance of way of the eastern division of the Pittsburg, Fort Wayne and Chicago road and the transfer of J. A. McGrew from Logansport to the position vacated by Mr. Sanford, has been received in this city. This item is especially interesting in Pennsylvania circles in this city at present, for the reason that the change mentioned will be followed by others in which Fort Wayne men may participate. The Sentinel yesterday mentioned the fact that one of the maintenance of way men had been called to Pittsburg to see the officials, presumably with a view of his promotion, and notice of his appointment to the Logansport position would not be a great surprise to the maintenance of way department here. The notice of the resignation of Mr. Sanford does not assign a cause and it is not known here what he intends to do. He was assistant to Engineer Jackson two years and during that service had headquarters in Fort Wayne. He left here five years ago and has held the position from which he now retires about two years.

Two Car Builders Hurt.

J. W. Snyder and E. W. Washburn, car builders at the east shops, were injured yesterday afternoon. In jumping from a car Mr. Snyder sprained one of his ankles and feet, and Mr. Washburn ran against a trestle and cut and bruised one of his legs. Both men will be off duty a few days.

Has Its Own Insurance.

Philadelphia, April 2.—The Pennsylvania railroad will hereafter do its own fire underwriting, as well as that of the various corporations controlled by it or affiliated with it. To that end an insurance company, to be known as the Mutual Fire, Marine and Inland Insurance company, chartered in this state in December, 1902, was formally organized here yesterday, with Pennsylvania railroad officials as directors. Hugh B. Ely was elected vice president, the presidency to be filled later. While the charter of the company permits it to do a general fire insurance business, it is not the purpose to do so, but to confine its operations to insuring the property of the railroad company not protected by the present insurance fund and to the property of affiliated and controlled companies.

Olmsted, LeRoy, N. Y.

The President's Train.

The special train occupied by President Roosevelt and party passed through this city as the third section of No. 25 at 4:27 this morning, stopping only long enough to allow an exchange of engines. The train was in charge of Conductor M. O. Ginty, while C. J. Pierson presided at the throttle from Crestline to Fort Wayne, where he was relieved by Engineer W. H. Gates. Trainmaster J. F. Patterson and Road Foreman C. R. Colmey were on the train over the entire western division, Mr. Colmey riding in the cab. Supt. M. F. Bradley, of the police department, and Capt. H. Stoll also accompanied the train.

Teachers to Richmond.

There was a general exodus of public school teachers from the city today, their destination being Richmond, where the annual convention is being held this week. For the accommodation of those who could not go on the regular trains, the Grand Rapids and Indiana ran a special of five coaches to Richmond. It left this city with 150 passengers and picked up others, including a coach load at Decatur from the Erie, at almost every station en route. The special train was in charge of Conductor Jerome Frye and Engineer George Wagner.

Blodgett Is Hopeful.

St. Louis, April 2.—Col. Wells H. Blodgett, general solicitor of the Wabash, speaking of the labor troubles, said today: "We are waiting to hear from the representatives of the brotherhoods who are in conference. I believe they are fair minded men and that we can arrive at an amicable settlement of the questions at issue between ourselves and employes without much difficulty."

Will Entertain Lodge.

Loyal lodge, No. 85, Ladies' Auxiliary to the Brotherhood of Railway Trainmen, and the husbands of the married ladies, will be entertained this evening at the home of Miss Bessie Miller, 621 Main street.

Sand House in Operation.

The engineers are now drawing their sand supply from the new sand house at the new round house, which is a great improvement over the old way of getting sand.

Industrial Notes.

Nickel Plate engine 82 has been transferred to the eastern division.

Machinist E. E. Miller, of the Wabash, has been transferred from the night to the day force.

William Hulse and Fred Geerken, machinists at the Pittsburg shops, are sick and off duty today.

J. H. Bedson has returned from California, where he spent several weeks at the various resorts and cities.

Machinist Tommy Beals is at his bench in the Pittsburg shops again after a sickness of three weeks.

Mr. and Mrs. J. M. Kress have moved into their new home on Pape avenue. He is a Nickel Plate brakeman.

Pittsburg Engineers W. C. Bender, J. H. Stewart and Emil Jamey are off duty on account of sickness.

Contractor Henry Mollot this morning commenced the erection of a dwelling house on West Creighton avenue.

J. B. Barnes, superintendent of motive power of the Wabash, is in the city looking after railway affairs today.

B. F. Johnson has resigned his position at the punch in the Electric works to take up his duties as deputy assessor.

Louis Witte has resumed his old position in the Bass machine shop. Gus Schmidt has resigned a position in that shop.

Mrs. Bonter, wife of Conductor George Bonter, of the Pittsburg, has returned from a visit with friends in Chicago.

George Lindeman, passenger car builder, and F. A. Flaig, blacksmith helper at the east car shops, are sick and off duty.

Pittsburg Fireman S. A. Esterline is visiting his parents in the country. Yard Engineer J. H. Knight has also gone to visit his parents.

George W. Petzinger, a boilermaker at the Pittsburg shops, had the misfortune to mash the fourth finger of his right hand this morning.

Saturday the employes of Rhinesmith & Simonson and the Anthony Wayne Manufacturing company will receive their monthly wages.

Fred Wolf, a boilermaker who has been employed at the Lake Shore shops, in the north side, has taken a position at the Wabash shops.

Engine 802, one of the big compound locomotives put into service last year, left the Wabash shops this morning, after receiving general repairs.

Mr. and Mrs. G. R. Childs have gone to Hanna to see her mother, who is very ill at her home in that place. Mr. Childs is a Pennsylvania fireman.

Henry Starke, who resigned a position at the Western Gas works a day or two ago, has gone to Chicago to work for the Yates Iron company.

Nickel Plate Brakeman Troutman, who has been doing yard work at Fostoria for some time, has returned here to take his place in the through freight service.

Byron A. Strawn, foreman of one of the departments at the Wabash shops, is a candidate for a position on the republican ticket as councilman from the Sixth ward.

E. E. Poole, of Watertown, N. Y., has been appointed freight agent at Lima for the Lake Erie and Western road, succeeding J. H. Upp, who retires to go into business.

B. Michaels and Lot Parter have resigned their positions at the Wabash shops, the former to take a position as brakeman on the Grand Rapids and Indiana road.

Fred Stahl, machinist at the Wabash shops, is off duty for treatment of an affection of the face. Marion O'Harra, of the same shop, is off duty on account of the sickness of his wife.

A horse attached to one of the delivery wagons of Loos & Sons crashed through the Pittsburg safety gates on Calhoun street yesterday, breaking the northwest one off close to the stand.

The Florida lines, including the Cincinnati, Hamilton and Dayton, have taken off their line of sleepers, which have been running during the winter. That travel has ceased for the season.

R. J. Lyons, assistant road foreman of engines of the Pittsburg, is spending the day on his farm, where a number of trees are being planted and other work in the orchard is in progress.

Joseph Disser, foreman of the upholstering department; A. J. Schiermeyer and H. W. Hagg have reported for duty at the Pittsburg shops. The two first named were sick and the latter was injured.

Carl Hobrock has been temporarily transferred from the shop clerk's office to the motive power department, to take the place of Ed Bittler, who resigned yesterday to go with the People's Trust company.

James Farra has been transferred from the testing to the engineering department of the Electric works. The young man is taking a course at the works to fit him for taking charge of a responsible position.

There were two sections of Wabash train No. 6 today, the second one being made up of chair cars and baggage cars and carrying a Ben Hur company from St. Louis to Toledo. The train passed through the city at 2 o'clock.

Mr. and Mrs. James O'Leary left last night for New York, where they will spend several days in looking after some private business. Mr. O'Leary is a Pennsylvania section foreman.

A cablegram from President Joseph Ramsey to his wife says that their daughter, who is ill with typhoid fever in Egypt, is improving nicely. Mr. Ramsey arrived in Plymouth, England, Monday night and immediately started for Cairo to join his daughter.

Master Mechanic B. Fitzpatrick and Assistant Motive Power Superintendent Henry have returned from Bay View, Mich., where they went a few days ago to inspect a locomotive derrick that was built for the Pennsylvania company.

The eight plants of the American Locomotive works are now running night and day and giving employment to 16,000 men. During the last sixty days orders for 600 locomotives have been booked by the company and the earnings for the past nine months have been upwards of $23,000,000.

Norman Nestle, who was operated upon at the St. Joseph hospital six weeks ago, resumed his duties at the Wabash machine shop this morning. Martin Nagle, jr., who was hurt two weeks ago, has also recovered from the injury and will report for duty tonight. Samuel Shirey will resume the duties of stationary engineer next Monday. He has just returned from the hospital at Peru.

FROM LAST TO FIRST

People used to take plain cod liver oil for coughs, colds, throat and lung troubles after other remedies had failed.

Scott's Emulsion is the modern idea of cod liver oil—the first instead of the last resort when such ailments appear.

The taste of the oil is not apparent and the oil itself is partly digested—makes it easy for the stomach. Scott's Emulsion is a quick, reliable help at all ages.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market today.

DEHM'S OPENING.

Gorgeous Display of High Class Millinery.

Today is the Easter opening at the Dehm Millinery store. This store was opened last fall and at once leaped into popular favor, as was demonstrated by the large crowd of interested ladies that was in attendance this afternoon. The store is beautifully decorated and the patterns on display are the gems of the milliner's art, every style new to the season is shown and the prices are far below those heretofore asked for high class millinery. The store will be open this evening and no doubt the crowd in attendance will be still larger than this afternoon.

GENERAL COURT NEWS

Frank H. Watson has commenced suit against the Pennsylvania company asking for damages in the sum of $200. He alleges that recently he had occasion to travel to Fort Wayne on one of the defendant's trains and that part of his baggage consisted of a valuable tool chest, very substantially made, filled with fine mechanics' tools and very heavy so that he was obliged to pay excess baggage for its safe transportation. The chest was made of fine mahogany wood and was valuable. The defendant's employe, to-wit, a baggage man, handled his chest so carelessly and violently that the same was broken and crushed to the extent of at least $100 and its destruction caused him much loss and annoyance, wherefore he prays for damages in the sum of $200.

VALUATION IS RAISED.

The meeting of the township assessors and their deputies with County Assessor Eggemann Wednesday resulted in a raise in the valuation of real estate for taxation in every township in the county. Heretofore the general average for the county on unimproved land was $23.06, while this year it will be about $30. Upon land which is improved the assessors have been placing a valuation of $28.86 per acre, but hereafter it will be about $37.

The assessors received their supplies from County Auditor Smith Wednesday, filed bonds of deputies and arranged to begin the work of assessment all over the county today.

SOME DITCH MATTERS.

Ernest Fuelling and others have filed a petition for a joint ditch between Allen and Adams counties.

Four remonstrances from Whitley county have been filed against the construction of the proposed Geller joint ditch between Allen and Whitley counties. This is also known as the Eel River ditch.

NEWS IN THE COURTS.

James M. Griffith has brought suit in the superior court against Bernard Weber and others to foreclose mechanic's lien. The demand is $100.

Albert E. Melching has qualified as administrator of the estate of Augusta Rathert, deceased.

The county commissioners met this morning and with Superintendent Wiley, started on a bridge inspection tour through the county.

There was no business transacted in the circuit court this morning save the setting of two cases for trial, venued here from Adams county. The case of the state ex rel. Cora Schlegel vs. Isaac Zimmerman, charged with paternity, will be tried by jury June 4, and the case of John T. William vs. Calvin Miller, a civil action, will be heard by the court June 8.

A slight improvement in the condition of Deputy Recorder Wilkes Gillett is reported from Mt. Clemens, where he is taking treatment for rheumatism.

The commissioners will meet next Monday for the opening session of the April term. A large number of liquor licenses will be acted upon.

The superior court and the jury will report next Monday and the circuit court will go into vacation for a week on April 11.

County Superintendent Young and a large number of teachers went to Richmond today to attend the teachers' institute.

IN DASHING UNIFORMS.

Two bright lads, garbed in dashing uniforms of red, plentifully adorned with brass buttons, accompany G. A. Luderburg, of Harmerville, Pa., who is in the city on a campaigning tour for the preparation known as Red Raven Splits. Mr. Luderburg is in the city for a three days' stay, during which time the uniformed lads make a distribution of the goods. The boys are Howard Brooks and Clarence Reithnecht, and their home is at Hramerville, Pa., where the "splits" are manufactured. Their natty appearance will attract attention anywhere.

Somebody Said

In explanation of the rather incredible tale that George Washington once threw a silver dollar across the Potomac, that a "dollar would go a great deal farther in those days than now." That may be true in some cases, but not at this store. There never was a time when a dollar would buy so much thoroughly good and reliable hardware, as it will now, and here. Cobbler Set, for instance, is something that comes handy in every household. We sell them at 50 cents and $1.00. Or perhaps you are in need of a Rat-Trap; we sell a nice trap of the French pattern for 35 cents. These cuts in prices won't affect the goods any, but they will alter people's ideas about what they can afford to buy.
